My New iPhone Wally Wang, 2009 Presents step by step instructions covering the features of the iPhone and the iPod Touch [More iPhone 3 Development](#) David Mark, Jeff LaMarche, 2010-03-25 Interested in iPhone development Want to learn more Whether you re a self taught iPhone development genius or have just made your way through the pages of *Beginning iPhone 3 Development* we have the perfect book for you *More iPhone 3 Development Tackling iPhone SDK 3* digs deeper into Apple s latest SDK Best selling authors Dave Mark and Jeff LaMarche explain concepts as only they can covering topics like Core Data peer to peer networking using GameKit and network streams working with data from the web MapKit in application e mail and more All the concepts and APIs are clearly presented with code snippets you can customize and use as you like in your own apps If you are going to write a professional iPhone app you ll want to get your arms around Core Data and there s no better place to do so than in the pages of this book The book continues right where *Beginning iPhone 3 Development* left off with a series of chapters devoted to Core Data the standard for persistence that Apple introduced to iPhone with SDK 3 Jeff and Dave carefully step through each of the Core Data concepts and show you techniques and tips specifically for writing larger applications offering a breadth of coverage you won t find anywhere else The Core Data coverage alone is worth the price of admission But there s so much more This book covers a variety of networking mechanisms from GameKit s relatively simple Bluetooth peer to peer model to the addition of Bonjour discovery and network streams through the complexity of accessing files via the web Dave and Jeff will also take you through coverage of concurrent programming and some advanced techniques for debugging your applications Whether you are a relative newcomer to iPhone development or an old hand looking to expand your horizons there s something for everyone in *More iPhone 3 Development* Note A few of the apps in this book demonstrate technologies not yet supported by the simulator To run them on your iPhone or iPod touch you ll need to join one of Apple s paid iPhone developer programs *The 10-Second Commute* Terri R. Kurtzberg, Mason Ameri, 2022-10-18 Virtual work which was steadily on the rise even before the pandemic is explored in this timely book that describes the impact of technology on our work experiences ranging from the individual psychological level to the broad societal implications Widespread remote work is now possible but it comes with its share of frustrations Virtual work has changed our lives in ways big and small from trying to balance our time to what we wear and where we sit and from how we communicate to where we should look during a videoconference It s also fundamentally changed what kinds of jobs we can now do Grounded in research and including lively personal anecdotes *The 10 Second Commute* provides a thoughtful and comprehensive scan of the nature of virtual work The authors both researchers in management and technology explore the current questions of our virtual lives such as Why Zoom instead of Skype Why are emojis so useful Why is videoconferencing so exhausting How does diversity at work both help and hinder productivity Virtual work is more than just work it permeates our whole lives and it will continue to do so as hybrid work arrangements

become the new normal Helping readers better understand the virtual work experience this book will engage and inform everyone who is still trying to make it work
