Sloan,2015-11-03 Pharmacists who refuse to fill prescriptions for contraceptives Surgeons who pray in the OR Pro life clinics and end of life interventions intelligent design activists and stem cell research opponents Is this the state of modern medicine in America In Blind Faith Dr Richard P Sloan examines the fragile balance and dangerous alliance between religion and medicine two practices that have grown disconcertingly close during the twenty first century While Sloan does not dispute the fact that religion can bring a sense of comfort in times of difficulty he nevertheless believes and in fact proves that there is no compelling evidence that faith provides an actual cure for any ailment By exposing the flawed research Sloan gives readers the tools to understand when good medical science is subverted and at the same time provides a thought provoking examination into the origins and varieties of faith and human nature itself Volume ,2005

Cue ,1976 Getting In the Gap Dr. Wayne W. Dyer,2002-12-03 The practice of meditation takes us on a fabulous journey into the gap between our thoughts where all the advantages of a more peaceful stress free healthy and fatigue free life are available but which are simply side benefits The paramount reason for daily meditation is to get into the gap between our thoughts and make conscious contact with the creative energy of life itself Dr Wayne W Dyer explains the soul nourishing meditation technique for making conscious contact with God which the ancient masters have told us about You have the potential to be an instrument of the highest good for all concerned and to be a literal miracle worker in your own life No person government or religion can legitimately claim to do this for you In fact says Dr Dyer I agree with Carl Jung who said One of the main functions of formalized religion is to protect people against a direct experience of God When you master getting into the gap and staying there for prolonged segments of meditation and experience what you bring back to the material world you will know your answer to the question Why meditate Living an Inspired Life Dr. Wayne W. Dyer,2016-03-01 What I m offering in this book is the awareness that we can return to a full time position of inspiration which is the true meaning of our life Dr Wayne W Dyer There s a voice in the Universe entreating us to remember our purpose our reason for being here now in this world of impermanence The voice whispers shouts and sings to us that this experience of being in form in space and time has meaning That voice belongs to inspiration which is within each and every one of us The feelings of emptiness the idea that there must be something more wondering Is this all there is and trying to determine the meaning of life this is all evidence of a yearning to reconnect with our soul space We re aching for our calling to be felt and expressed In Living an Inspired Life previously published under the title Inspiration Dr Wayne W Dyer explains how we ve chosen to enter this world of particles and form From our place of origin in ways that we don t readily comprehend now we knew what we were coming here to accomplish and we participated in setting this life process in motion So why not think along these same lines Why put the responsibility or blame on any one or any thing that s not a part of us

On Earth we have the capacity of volition we can choose so let's assume that we had the same capacity when we resided in the spiritual realm We chose our physical body and we chose the parents we needed for the trip It doesn't seem too great a stretch to move into the idea that we chose this life in concert with our Source Inspiration can be cultivated and be a driving force throughout life rather than showing up every now and then and just as mysteriously disappearing seemingly independent of our desires Inspiration is for everyone It isn't reserved for high profile creative geniuses in the arts and sciences it's inherent in our Divine birthright The problem is that as children we're gradually taught to believe exclusively in the world of phenomena where ego is dominant and inspiration diminished As you read each chapter in this book you'll find specific suggestions for living in Spirit From a very personal viewpoint Wayne offers a blueprint through the world of inspiration your ultimate calling *New Age*, 2001
