**What Everyone Needs to Know about Tax** James Hannam, 2017-02-28 You are paying much more in tax than you think you are What Everyone Needs to Know About Tax takes an entertaining and informative look at the UK tax system in all its glory to show you just how much you pay how the money is collected and how it affects ordinary people every day Giving context to recent controversies including the Panama Papers tax avoidance by multinationals Brexit and more this book provides a straightforward explanation of tax and the policy behind it for non specialists no accounting or legal knowledge is required The system s underlying logic is illustrated through three golden rules that explain many of the UK tax regime s oddities and the discussion focuses on the way things are rather than utopian ideas about how they might be Case studies show how the VAT on a plumber s bill all adds up why fraudsters made a movie to throw HMRC off their scent how a wealthy couple can pay so little tax on a six figure income and the way tracing the money you paid for your iPad sheds light why the EU is demanding Apple pay billions extra in tax Ever the political battlefield tax is too important for you to rely on media hype for information It affects everyone every day and it pays for voters and taxpayers to know more This book leaves aside technical detail and the arcana of the tax code to give you a real world look at how tax works Learn about the many ways that the tax system separates us from our money Discover how Brexit could change the way we pay taxes Understand how changing tax policy affects people s everyday lives See through the rhetoric surrounding controversies in the media With tax we have to admit that there are no easy answers No one enjoys paying them but without them the Government would shut down Seeing through politicians cant and superficial press coverage is critical for your ability to make the decisions that benefit you What Everyone Needs to Know About Tax gives you the background and foundational knowledge you need to be a well informed taxpayer Customer Service for Hospitality and Tourism Simon Hudson, Louise Hudson, 2012-11-02

Customer service is of critical importance for the tourism and hospitality sector now more than ever before as customers are looking to increase value for money and are less forgiving of mediocre service However despite its importance quality customer service is the exception rather than the norm in many parts of the world Customer Service for Hospitality and Tourism is a unique text and vital to both students and practitioners as it explains not only the theory behind the importance of customer service but also acts as a guidebook for those wishing to put this theory into practice In essence it is the whys and hows of customer service It is easy to read very current and full of references to all the latest research from both academic and practitioner literature Chapters cover important topics such as the financial and behavioural consequences of customer service consumer trends influencing service developing and maintaining a service culture managing service encounters the importance of market research building and maintaining customer relationships providing customer service through the servicescape the impact of technology on customer service the importance of service recovery and promoting customer service internally and externally Key features include An At Your Service Spotlight at the beginning of each chapter
