Citrine,1952 *A.B.C. of Chairmanship, Etc. [With a Portrait.]* Walter Citrine,1948 **A.B.C. of Chairmanship** Walter McLennan Citrine Baron Citrine,1949 *Crossing Continents* Duncan Campbell-Smith,2021-05-13 For almost a hundred years from the 1860s the City of London s overseas banks financed the global trade that lay at the core of the British Empire Foremost among them from the beginning were two start up ventures the Standard Bank of South Africa which soon developed a powerful domestic franchise at the Cape and the Chartered Bank of India Australia and China This book traces their stories in the nineteenth century their glory days before 1914 and their remarkable survival in the face of global wars and the collapse of world trade in the first half of the twentieth century The unravelling of the Empire after 1945 eventually forced Britain s overseas banks to confront a different future The Standard and the Chartered alarmed at the expansion of American banking determined in 1969 on a merger as a way of sustaining the best of the City s overseas traditions But from the start Standard Chartered had to grapple with the fading fortunes of its own inherited franchise badly dented in both Asia and Africa and with radical changes in the nature of banking Its British managers steeped in the past proved ill suited to the challenge By the late 1980s efforts to expand in Europe and the USA had brought the merged Group to the brink of collapse Yet it survived and then pulled off a dramatic recovery Standard Chartered realigned itself just in time with the phenomenal growth of Asia s emerging markets many of them in countries where the Chartered had flourished a century earlier In the process the Group was transformed Trebling its workforce it brushed aside the global financial crisis of 2008 and by 2012 could look back on a decade of astonishing growth Recent times have added an eventful postscript to a long and absorbing history *Crossing Continents* recounts Standard Chartered s story with a wealth of detail from one of the richest archives available to any commercial bank The book also affords a rare and compelling perspective on the evolution of international trade and finance showing how Britain s commercial influence has actually worked in practice around the world over one hundred and fifty years *China's Centralized Industrial Order* Chen Li,2014-11-13 This book is about the political economy of China s industrial reform and the rise of a group of Chinese big businesses under the Communist Party and the central state s control It examines the origins

evolution and institutional configuration of this centralized system in governing the commanding heights of the Chinese industrial economy Shaped by persistent industrial policies to develop China's national champions enterprises the core parts of China's central industrial ministries and mono bank system have been transformed into a national team of giant modern business firms in industries such as oil power generation telecommunications aerospace aviation nuclear shipbuilding mining construction automobile and banking Through an adaptive process of learning experimentation and restructuring the bedrock of the authority relations and control mechanisms among the Party government bureaucracy and firms has been consolidated rather than dismantled in the system's transformation This alternative view of China's industrial reform presents a direct challenge to the neo liberal transition model of China's institutional development and the mainstream Western conceptions of Chinese big business **National Broadcasting Under Siege** Eva Etzioni-Halevy,1987-06-18

Strangling Aunty: Perilous Times for the Australian Broadcasting Corporation Virginia Small,2021-09-24 Drawing on a wealth of academic research statistics and interviews with key Australian media people including present and former Australian Broadcasting Corporation staffers this book explores the transitions of the ABC under various types of organisational re strategising governance and political shifts The book provides the reader with an authoritative narrative as to how the ABC has lost its iconic status in Australian society and unfolds how the ABC has strayed from its respected public charter which endowed the ABC with a distinctive and important role in informing educating and entertaining the Australian public Successive federal government funding cuts have shrunk staffing levels and services while it has pursued a corporatist model that mimics the trappings and practices of commercial media In that process it has become politicised and trivialised thereby threatening its demise The book is a unique and timely contribution at a time of dwindling interest for the funding of public assets everywhere There is no other book in the market that addresses the decline of the organisation the ABC and analyses the reasons for its demise within an organisational theoretical framework The book is written for an educated general audience with academics and media practitioners specifically in mind and has everyday applications for business organisations operating in the public sector by bringing together important findings of public funding budgets management and organisational strategies and evolution *ABC of Chairmanship* Walter McLennan Citrine Baron Citrine,1943 San Francisco Chamber of Commerce Journal ,1912 **California Journal of Development** ,1927
