Take Control of Apple Media Apps Kirk McElhearn, 2025-10-30 Discover Apple's Music TV Podcasts and Books apps Version 1.1 updated October 30, 2025 Are you bewildered with the apps that replaced iTunes on your Apple devices? Befuddled by Apple Music? Confused about whether or how to sync your media to the cloud? Wondering how to view movies and TV shows on each of your devices? Wishing for a way to organize your podcasts? In this book, Kirk McElhearn explains not only how Apple's media apps work but also how normal people can make the Music TV Podcasts and Books apps do just what they want. Back in 2019, Apple replaced iTunes for Mac, iOS, and iPadOS with three apps: Music, TV, and Podcasts, with audiobooks handled by the Books app. **Take Control of Apple Media Apps** is your guide to this post-iTunes world. Covers macOS 15 Sequoia, iOS 18, and iPadOS 18 or later, including macOS 26 Tahoe, iOS 26, and iPadOS 26, plus Apple Watch, Apple TV, and HomePod. Expanding on his earlier title *Take Control of macOS Media Apps*, Kirk McElhearn shows you how to manage your music, videos, podcasts, and audiobooks on all your Apple devices. Whether you just want to play your media or you want to go deeper with special features like Apple Music Genius, Shuffle, Playing Next, and iTunes Match, this comprehensive guide has the answers you need. Kirk also looks at various ways of bringing audio and video into Apple's media apps, tagging music and videos so you can find them more easily later, creating playlists, sharing your library over a home network, and accessing your media libraries on your iPhone, iPad, Apple Watch, Apple TV, or HomePod. Here's just a taste of what the book covers:

- Music Play Music**: Learn the basics of playing audio and even music videos in the Music app. You'll also learn about making quick playlists with Genius and Playing Next, the best ways to search for the music you want to hear, how to stream music to other devices in your home, and how to view lyrics while tunes play.
- Stream Music**: Use Apple Music, a paid service, to listen to any of 100 million tracks. Or listen to live broadcasts from Apple Music Radio, including Apple Music 1, Apple Music Hits, Apple Music Country, and other live radio stations.
- View Your Music**: Learn how to view your music library and work with contextual menus in the Music app.
- Organize Your Music**: Make a simple playlist of romantic songs, workout songs, or whatever theme you like. You'll learn how to create smart playlists that, for example, comprise only your 5-star faves or only tunes you haven't heard recently, and how to transfer playlists to your Apple Watch. You'll also find help with operational issues like eliminating duplicates from your music library.
- Store Your Music Library in the Cloud**: What are the pros and cons of using the Sync Library setting to store your music in the cloud? How do Music and iTunes Match figure out whether to upload your music when that setting is enabled? How can I make sure I have all the media I want on each of my Apple devices? You'll get answers to these questions and more.
- Tag Your Music**: Tags are bits of information, also known as metadata, that can describe your media. Learn which tags to bother changing, the best ways to add lyrics and album art, how to rate songs with stars, favorites, or both, and what other types of metadata you can use.
- Meet Apple Music Classical**: Apple Music Classical is a special app for iPhone that helps lovers of classical music enjoy their favorite composers, performers, and pieces.

without the limitations of the standard Music app TV Podcasts and Books View Movies and TV Shows Use the TV app to watch videos including those purchased rented or streamed from Apple and those you add yourself Listen to and Watch Podcasts You ll be sampling and subscribing to podcasts in no time with Kirk s advice plus you ll pick a method of syncing podcast episodes to your iPhone or iPad and even learn about creating your own podcast station Listen to Audiobooks Discover how to download and play audiobooks in the Books app and how to manage your audiobook library Note This book does not cover using ebooks in Books All Media Apps Buy or Rent Media from Apple You can buy music TV shows movies books and audiobooks directly from Apple and rent movies from within the various media apps Find tips on shopping for media and get advice on sharing your purchases with family members and among your various Apple devices Manage and Share Media Files Whether you want to casually share a playlist from your laptop when visiting a friend or you want to make all your media available on all your home s computers you ll find out how Media Sharing and Home Sharing make sharing possible You ll also learn how to manage massive media libraries and store media files on external drives Put It on Your Wrist Enjoy your favorite music podcasts and audiobooks using your Apple Watch or on a Big Screen Use your Apple TV not only for TV shows and movies but also for music and work with a shared library

The Political Logic of the US-China Trade War Shipping Hua,2022-03-18 This is the first comprehensive study by the world s leading scholars about the political logic of the U S China trade war that started during the Trump administration The book is divided into three parts The first part looks at changed leadership styles of the two countries in the last few years It also examines the liberal international order since World War II in which the trade war emerged It then explores the theoretical perspectives from both the United States and China that are related to the trade war The second part is about the domestic factors that impacted on the trade war from China s perspective These factors include China s institutional adaptation of the new international environment the radicalization of the Chinese political discourse and Big Power Diplomacy The third part explores the U S domestic factors that impacted the trade war such as the Trump administration s different China policy in general the role played by the U S Congress business lobby and the transition of foreign policy from a Wilsonian World Order to Jacksonian Nationalism

technology reporter Yukari Iwatani Kane delves deep inside Apple in the two years since Steve Jobs s death revealing the
tensions and challenges CEO Tim Cook and his team face as they try to sustain Jobs s vision and keep the company moving
forward Steve Jobs s death raised one of the most pressing questions in the tech and business worlds Could Apple stay great
without its iconic leader Many inside the company were eager to prove that Apple could be just as innovative as it had been
under Jobs Others were painfully aware of the immense challenge ahead As its business has become more complex and
global Apple has come under intense scrutiny much of it critical Maintaining market leadership has become crucial as it tries
to conquer new frontiers and satisfy the public s insatiable appetite for insanely great products Based on over two hundred
interviews with current and former executives business partners Apple watchers and others Haunted Empire is an
illuminating portrait of Apple today that offers clues to its future With nuanced insights and colorful details that only a
seasoned journalist could glean Kane goes beyond the myths and headlines She explores Tim Cook s leadership and its
impact on Jobs s loyal lieutenants new product development and Apple s relationships with Wall Street the government tech
rivals suppliers the media and consumers Hard hitting yet fair Haunted Empire reveals the perils and opportunities an iconic
company faces when it loses its visionary leader **Business World** ,2009 **The Wall Street Journal** ,2009 **The**
