Scheg, 2016-04-15 Teaching any subject in a digital venue must be more than simply an upload of the face to face classroom and requires more flexibility than the typical learning management system affords Applied Pedagogies examines the pedagogical practices employed by successful writing instructors in digital classrooms at a variety of institutions and provides research grounded approaches to online writing instruction This is a practical text providing ways to employ the best instructional strategies possible for today s diverse and dynamic digital writing courses Organized into three sections Course Conceptualization and Support Fostering Student Engagement and MOOCs chapters explore principles of rhetorically savvy writing crossed with examples of effective digital teaching contexts and genres of digital text Contributors consider not only pedagogy but also the demographics of online students and the special constraints of the online environments for common writing assignments The scope of online learning and its place within higher education is continually evolving Applied Pedagogies offers tools for the online writing classrooms of today and anticipates the needs of students in digital contexts yet to come This book is a valuable resource for established and emerging writing instructors as they continue to transition to the digital learning environment Contributors Kristine L Blair Jessie C Borgman Mary Lynn Chambers Katherine Ericsson Chris Friend Tamara Girardi Heidi Skurat Harris Kimberley M Holloway Angela Laflen Leni Marshall Sean Michael Morris Danielle Nielsen Dani Nier Weber Daniel Ruefman Abigail G Scheg Jesse Stommel

Graduate Students at Work Tessa Brown, 2023-02-28 Graduate Students at Work highlights the expertise and experiences of graduate students to demonstrate what graduate study entails what it makes possible and what it constrains in the context of corporatizing higher education This collection of full length research articles and short personal essays illustrates graduate students experiences organizing tactics and strategies for staying in or moving out of the academy Speaking from personal experience as well as reporting research findings the contributors of Graduate Students at Work illustrate the significant expertise that graduate students are asked to enact in their time intensive jobs as teachers researchers and administrators even as they are kept in poverty wages for the decade or so it takes to move through a master s and doctoral program into the promised land of a tenure track job While these students are the leaders of the

academic labor movement they have yet to receive as much attention as adjunct instructors and other laborers in the university system Though they experience harassment discrimination and exploitation graduate students rarely have access to labor protections because they are often misclassified as students not employees a key rhetorical strategy universities use to fight graduate student organizing These essays and articles also draw insightful connections between the labor conditions of graduate student workers and other workers navigating poverty wages labor migration limited benefits and harassment and discrimination around lines of race gender ability and citizenship the most important connection perhaps being the possibility for organization and unionization to fight for better working conditions for all

The Other Kind of Funnies Han Yu, 2016-12-14 The Other Kind of Funnies refutes the mainstream American cultural assumption that comics have little to do with technical communication that the former are entertaining in a low brow sense and juvenile whereas the latter is practical and serious to the point of stuffiness The first of its kind this book demonstrates the exciting possibilities of using comics in technical communication It defines comics as a medium and art form that includes cartoons comic strips comic books and graphic novels provides conceptual and historical backgrounds on comics and discusses the appeals and challenges of using comics style technical communication More specifically it examines comics style instructions educational materials health risk communication and political propaganda communication

The author argues that comics style technical communication encourages reader participation produces covert persuasion facilitates intercultural communication benefits underprivileged audiences such as children and readers of lower literacy and challenges the positivist view of technical communication An abundance of comics style technical communication examples carefully selected from across cultures and times demonstrates the argument While the book proposes that comics can create user friendly visually oriented engaging and socially responsible technical communication it is also quick to acknowledge the limitations and challenges of comics style technical communication and provides heuristics on how to cope with them The Other Kind of Funnies is unique in its interdisciplinary approach It focuses on technical communication but speaks to design cultural and intercultural studies historical studies and to some extent education politics and art

Understanding Rhetoric Eamon M. Cunningham,2020-01-01 Understanding Rhetoric A Guide to Critical Reading and Argumentation is a composition textbook that outlines three essential skills rhetoric argument and source based writing geared towards newcomers and advanced students alike Though comprehensive in its coverage the book s focus is a simple one how to move beyond a gut reaction while reading to an articulation of what is effective and what is not while explicitly answering the most important question of Why This text gets at this central concern in two fundamental ways First the text teaches composition as a cumulative process coaching you how to question challenge and expand on not just the readings you hold in your hands but also how to interrogate the internal processes of writing and thinking The book s blend of composition methods detail the cross point of product and process to turn reading and writing from a matter of coming up with answers to questions to learning what type of questions need to be asked in the first place The right questions the text argues are fundamentally rhetorical in nature Second the content of the practice based chapters is framed into a larger mesh of intellectual history to show how the writing and thinking you are doing today is continuous with a long history of writing instruction that goes back to the ancient world This book provides equal representation from classical and contemporary theory with the recognition that theory cannot be fully grasped without practice and practice cannot be fully understood without its theoretical antecedent After all you can t write outside the box until you know where the box is and what it looks like *Thomson Handbook-Instructor Flexfiles* David Blakesley,Jeffrey Hoogeveen,2006-06 **WPA, Writing Program Administration** ,1983 *An Annotated Bibliography on Technical Writing, Editing, Graphics, and Publishing, 1966-1980* ,1983 **The College Writer's Handbook** Vandermey,Randall VanderMey,2003-04-24 The College Writer is a rhetoric reader research guide and handbook that offers streamlined nuts and bolts writing instruction preface p iii *Information Now* Matt Upson,Holly Luetkenhaus,C. Michael Hall,Kevin Cannon,2021 Since its original publication in 2015 Information Now has helped college students address this fundamental issue in the form of a short humorous graphic guide It explains how information is organized both on the open web and in library resources and how to navigate those sources to find good trustworthy answers But the information landscape has changed dramatically in just a few years and this revised edition

explores new questions about who has access to information and about algorithmic bias in how search engines present results The book also covers online misinformation and offers simple strategies for fact checking websites In addition to this expanded topical coverage the new edition includes revised critical thinking exercises in every chapter to help students feel more engaged in improving the information landscape
