Undivided Hahrie Han, 2024-09-24 The inspiring story of evangelicals in Cincinnati struggling to bridge racial divides in their own church their community and across the nation In 2016 even as Ohio helped deliver victory to presidential candidate Donald Trump Cincinnati voters also passed a ballot initiative for universal preschool The margin was so large that many who elected Trump must have paradoxically also voted for the initiative how could the same citizens support such philosophically disparate aims What had convinced residents of this Midwestern Rust Belt community to raise their own taxes to provide early childhood education focused on the poorest and mostly Black communities When political scientist Hahrie Han set out to answer that question her investigations led straight to an unlikely origin the white dominant evangelical megachurch Crossroads where Pastor Chuck Mingo had delivered a sermon the prior year that set in motion a chain of surprising events Raised in the Black church Mingo felt called by God he told Crossroads parishioners to combat racial injustice and to do it through the very church in which they were gathered The result was Undivided a faith based program designed to foster antiracism and systemic change The creators of Undivided recognized that any effort to combat racial injustice must move beyond recognizing and overcoming individual prejudices Real change would have to be radical from the very roots In Undivided Han chronicles the story of four participants two men one Black and one white and two women one Black and one white whose lives were fundamentally altered by the program As each of their journeys unfolded in unpredictable and sometimes painful ways they came to better understand one another and to believe in the transformative possibilities for racial solidarity in a moment of deep divisiveness in America The lessons they learned have the power to teach us all what an undivided society might look like and how we can help achieve it *Undivided Rights* Jael Silliman, Marlene Gerber Fried, Loretta Ross, Elena Gutiérrez, 2016-04-18 Undivided Rights captures the evolving and largely unknown activist history of women of color organizing for reproductive justice on their own behalf Undivided Rights presents a textured understanding of the reproductive rights movement by placing the experiences priorities and activism of women of color in the foreground Using historical research original organizational case studies and personal interviews the authors illuminate how women of color have led the fight to control their own bodies and reproductive destinies Undivided Rights shows how women of color starting within their own Latina African American Native American and Asian American communities have resisted coercion of their reproductive abilities Projected against the backdrop of the mainstream pro choice movement and radical right agendas these dynamic case studies feature the groundbreaking work being done by health and reproductive rights organizations led by women of color The book details how and why these women have defined and implemented expansive reproductive health agendas that reject legalistic remedies and seek instead to address the wider needs of their communities It stresses the urgency for innovative strategies that push beyond the traditional base and goals of the mainstream pro choice movement strategies that are broadly inclusive while being specific strategies that speak to all

women by speaking to each woman While the authors raise tough questions about inclusion identity politics and the future of women s organizing they also offer a way out of the limiting focus on choice Undivided Rights articulates a holistic vision for reproductive freedom It refuses to allow our human rights to be divvied up and parceled out into isolated boxes that people are then forced to pick and choose among
