resources **The Power of Real Optimism** Deepika Chopra,2026-03-10 Optimism isn't about pretending everything is fine. It's about staying open and flexible especially when it's not. In this fresh science-backed debut professional psychologist and media expert Dr Deepika Chopra shows us how to build the kind of optimism that can actually withstand real life. We've been sold the idea that optimism is a mood, a mindset, or worse just an inherent trait. But what if real optimism is something else entirely? In *The Power of Real Optimism* Dr Deepika Chopra, known as 'The Optimism Doctor', offers a radically different definition: optimism as a science, a skill, and a psychological muscle we can strengthen. Drawing from over a decade immersed in the science of resilience, emotional well-being, and cognitive psychology, as well as her work with clients, innovative workshops, and hallmark practices like evidence-based visualization, narrative reframing, her signature 'self-worth work', and even color therapy, Dr Chopra offers a toolkit for navigating the chaos, uncertainty, and nuance of being human without losing yourself to it. Grounded, practical, and poetic in all the right ways, this book will challenge your relationship with hope, rewire how you recover from hard things, and invite you to stay soft without falling apart. With her blend of intimate storytelling, psychological insight, and tangible tools including a 33-day Real Optimism Challenge, Dr Chopra offers something far more enduring than a quick fix or fleeting affirmation. She invites us into a deeper, more resilient way of living, one where we can stay curious in the face of fear, open in the face of grief, and grounded even as the world wobbles beneath us. Because real optimism doesn't deny the dark, it teaches us how to see in it. *1997 Guide to Behavioral Resources on the Internet*
Kenneth M. Coughlin,1997 **My Psychology** Andrew M. Pomerantz,2022-09-22 Andy Pomerantz's *My Psychology* helps you understand how the science of psychology applies to your own unique life experiences.
