

RIGBY GLASS

A pair of blue sneakers with white laces sits on a white floor. The floor is covered in numerous red splatters and streaks, suggesting a crime scene or a messy accident. The sneakers are positioned in the center of the frame, with their shadows cast on the floor. The text "it's only pretend" is written in a white, handwritten font across the bottom half of the image, partially overlapping the sneakers and the floor.

The Dao of Translation Douglas Robinson, 2015-06-12 The Dao of Translation sets up an East West dialogue on the nature of language and translation and specifically on the unknown forces that shape the act of translation To that end it mobilizes two radically different readings of the Daodejing formerly romanized as the Tao Te Ching the traditional mystical reading according to which the Dao is a mysterious force that cannot be known and a more recent reading put forward by Sinologists Roger T Ames and David L Hall to the effect that the Dao is simply the way things happen Key to Ames and Hall s reading is that what makes the Dao seem both powerful and mysterious is that it channels habit into action or what the author calls social ecologies or icoses The author puts Daoism and ancient Confucianism into dialogue with nineteenth century Western theorists of the sign Charles Sanders Peirce and Ferdinand de Saussure and their followers in order to develop an icotic understanding of the tensions between habit and surprise in the activity of translating The Dao of Translation will interest linguists and translation scholars This book will also engage researchers of ancient Chinese philosophy and provide Western scholars with a thought provoking cross examination of Eastern and Western perspectives Translating Migration Angela Treiber, Kerstin Kazzazi, Marina Jaciuk, 2024-07-08 In many fields of professional practice and research conversations can no longer be conducted in the first language of the respective participants The increasing diversity of languages of multi and translingualism require the involvement of language mediators interpreters In the contexts of flight asylum and migration this interdisciplinary volume discusses different procedural strategies for overcoming linguistic as well as culturally conditioned communication barriers and highlights the emerging methodological and theoretical challenges for social counselling and therapy practice as well as for the practice of qualitative research **Africa's Political Wastelands: The Bastardization of Cameroon** Emmanuel Fru Doh, 2008 Africa s Political Wastelands explores and confirms the fact that because of irresponsible corrupt selfish and unpatriotic kleptocrats parading as leaders the ultimate breakdown of order has become the norm in African nations especially those south of the Sahara The result is the virtual annihilation of once thriving and proud nations along with the citizenry who are transformed into wretches vagrants and in the extreme refugees Doh uses Cameroon as an exemplary microcosm to make this point while still holding imperialist ambitions largely responsible for the status quo in Africa Ultimately in the hope of jumpstarting the process he makes pertinent suggestions on turning the tide on the continent Africa's Political Wastelands: The Bastardization of Cameroon Fru Doh, 2008-09-15 Africa s Political Wastelands explores and confirms the fact that because of irresponsible corrupt selfish and unpatriotic kleptocrats parading as leaders the ultimate breakdown of order has become the norm in African nations especially those south of the Sahara The result is the virtual annihilation of once thriving and proud nations along with the citizenry who are transformed into wretches vagrants and in the extreme refugees Doh uses Cameroon as an exemplary microcosm to make this point while still holding imperialist ambitions largely responsible for the status quo in Africa Ultimately in the hope of jumpstarting the
