**Handbook of Research on Advancing Equity and Inclusion Through Educational Technology** Escudeiro, Paula, Escudeiro, Nuno, Bernardes, Oscar, 2023-08-09 Digital technologies play a significant role in the popular imagination about the future of education as they are a prominent aspect of modern education provision and practice across the globe. Due to the increased adoption of digital education materials during the COVID 19 pandemic the pedagogical significance of digital technology has been amplified. *Advancing Equity and Inclusion Through Educational Technology* builds upon the available literature in equity and inclusion through educational technology while providing further research opportunities in this dynamic and growing field. It provides the opportunity for reflection on this crucial issue by increasing the understanding of the importance of inclusion and equity in the context of educational improvements and providing relevant academic work, empirical research findings, and an overview of this relevant field of study. Covering topics such as sustainable inclusion, learning, virtual school, press programs, and generic skills, this major reference work is a comprehensive and timely resource for educators and administrators of both K-12 and higher education, government officials, pre-service teachers, teacher educators, librarians, researchers, and academicians.

**The Little Book of Impact Investing** Priya Parrish, 2024-10-09 Explore the strategies of impact investing that deliver financial gains and positive results for people and the planet. In *The Little Book of Impact Investing: Aligning Profit and Purpose to Change the World*, veteran investor and author Priya Parrish delivers a timely, inspiring, and practical exploration of an investing discipline that is rapidly taking center stage in contemporary finance. In the book, you'll explore how and why impact investing has become an essential strategy for retail and institutional investors around the world and how it can help you build and manage high-performing portfolios while making a positive difference in the world around you. The author explains the universe of opportunities made available by impact investing by diving deep into both the public and private markets. You'll learn how the discipline is related to modern portfolio theory, diversity considerations, issues of climate change, sustainable investing, and recent controversies about ESG investing. You'll also discover where impact investing came from, how it's shaping markets today, and where it's going in the near future. Impact investing goals and how they relate to financial returns and risk. The management tools utilized by leading impact investors to improve performance. An essential resource for retail and institutional investors. *The Little Book of Impact Investing* is destined to become the gold standard in impact investing reference books for anyone seeking an up-to-date and insightful discussion of one of the most exciting and influential investment disciplines in contemporary finance.
