adoption of artificial intelligence and its far reaching implications people everywhere are witnessing the world change around them Artificially Intelligent answers today s most pressing questions about AI from the fundamental to the futuristic offering readers a new informed worldview In an age of unparalleled innovation and change artificial intelligence has become the heart of our fears discussions and debates Thus AI researcher and award winner David Eliot takes readers on a journey through the key moments and decisions that have shaped its creation and our world A socially driven history the book explores its technical breakthroughs and the social forces that made them possible But this book isn t just about the past it s about you Artificially Intelligent invites readers to find their place in the story of AI to understand its impact on their lives and to decide what kind of future they want to help create Artificially Intelligent tells the story of the technology the way it was meant to be told not as an exhaustive retelling of history nor as a prophecy of doom and gloom but as a human story that is not yet complete

The Data Protection Officer Paul Lambert,2016-11-25 The EU s General Data Protection Regulation created the position of corporate Data Protection Officer DPO who is empowered to ensure the organization is compliant with all aspects of the new data protection regime Organizations must now appoint and designate a DPO The specific definitions and building blocks of the data protection regime are enhanced by the new General Data Protection Regulation and therefore the DPO will be very active in passing the message and requirements of the new data protection regime throughout the organization This book explains the roles and responsibilities of the DPO as well as highlights the potential cost of getting data protection wrong

Smart Frederic Martel,2018-07-05 Digitization is accelerating globalization tenfold Social networks have gone mobile telephone television and towns have gone smart How did China manage to create clones of Google Facebook and YouTube and build its own censored version of the Internet How do Arab countries use social networks for their revolutions Why is there no minister for communications in the US and why does no one regulate the Internet there From Silicon Valley to Tokyo from South Africa to southern India and all the way to Cuba and Gaza this unprecedented investigation in the field covers the whole battle of the Internet and its future Drawing on hundreds of interviews in about fifty countries Frederic Martel examines the different Internets on five continents In so doing he reveals that we are moving not only into a connected globalized world but also a territorialized one Smart shows that the Internet has never been truly global and that it will become increasingly local

Disruptive Platforms Tymoteusz Doligalski,Michał Goliński,Krzysztof Kozłowski,2021-12-19 It has taken platforms only twenty years to become digital economy hubs They have changed markets enterprises and society They have expedited communication collaboration and trade for consumers winning their attention and collecting their data In doing so they have made processes products and industries obsolete and disrupted the expectations and behaviours of market players This raises the question are digital platforms global innovators or disruptive monopolists Are they a solution to problems of the past or emissaries of a problematic future This book provides a multi faceted approach to platforms and their profound impact on markets and ecosystems Economic managerial social and

political aspects are analysed and the differentiation of platforms and their disruptive potential is reviewed The book also examines the mechanism of achieving a monopolistic position including in the international supply chain and the greater influence of platforms on political activity and contemporary democracy With examples from Poland USA and China the contributions offer an international evaluation of disruptive platforms across a multitude of industries The edited collection prepared by scholars from the SGH Warsaw School of Economics will be valuable to researchers and academics across the fields of strategic management marketing innovations international business and the digital economy **Marketing**

It's Not about the Truth Don Yaeger, 2007 Mike Pressler walked into the bottomfloor meeting room of the MurrayBuilding and as he had done hundreds of times over a sixteen year career at Duke University prepared to address his men s lacrosse team Forty six players sat in theater style chairs all eyes riveted forward It was 4 35 P M on Wednesday April 5 2006 The program s darkest hour had arrived in an unexpected and explosive announcement Pressler a three time ACC Coach of the Year informed his team that its season was canceled and he had resigned effective immediately While his words reverberated off the walls hysteria erupted Players cried confused over a course of events that had spun wildly out of control What began as an off campus team party with two hired strippers had accelerated into a rape investigation one that exposed prosecutorial misconduct shoddy police work an administration s rush to judgment and the media s disregard for the facts dividing both a prestigious university and the city of Durham Wiping away tears Pressler demonstrated the steely resolve that helped him win more than two hundred games For the next thirty minutes Pressler put his personal situation aside and encouraged his players to stick together He also made a bold promise One day we will get a chance to tell the world the truth One day This is that day Pressler who has not done an interview since the saga began has handed his private diary from those three weeks to New York Times bestselling author Don Yaeger exposing vivid details including the day Pressler was fired when the coach asked Athletic Director Joe Alleva why the school wasn t willing to wait

for the truth to come out It s not about the truth anymore Alleva said to the coach in a signature moment that said it all In addition to Pressler Yaeger interviewed more than seventy five key figures intimately involved in the case The result is a tale that defies logic It is tough to be one of fifty people who believed a story when fifty million people believed something else Pressler said This was about the truth to many of the others involved My story is all about the truth *Chain Store Age* ,2007 *Korea* ,2016 *Time* Briton Hadden, Henry R.
