Homo Faber:

Homo Faber Max Frisch, Max Frisch este un observator neutru al unor fapte care abundă în emoție dar pe care alege să le trateze rațional. Așa cum arăta în raportul său, astfel o întrebare la care nu îi propune decât un răspuns: ci mai degrabă îi oferă cititorului toate informațiile cu care sîi poate formula singur răspunsul este viața doar rațiune logică în ordine sau pot emoțiile coincidențele și chiar destinul să ne ghideze drumul? Zi de zi Homo Faber nu pune în lumină antiteze precum rațiune versus credință sau emoție versus logică ci mai degrabă observă viața de la o distanță suficient de mare încât să nu spună mai mult decît trebuie spus și să nu descopere mai mult decît trebuie descoperit. **Homo Faber** Max Frisch, 1959 Loneliness and despair invade the world of an engineer who comes to realize that he has failed as a friend husband and father **Homo Faber** Max Frisch, 1957

Homo Faber Robert McAfee Brown, Pacific Coast Theological Society, 1971 **Perspectives on Max Frisch** Gerhard F. Probst, Jay F. Bodine, 2021-12-14 Max Frisch with his countryman Friederich Diirrenmatt shares the place of eminence in contemporary Swiss literature. Indeed he ranks high among the recent leading writers in the German language. But although several of his works novels and plays have been translated into English he remains little known in America. In this collection of essays an international group of scholars provides a fresh introduction to this noted author. The three leading essays review Frisch's work in the forms he has used most extensively drama narrative fiction and the personal diary. The remaining nine essays focus on specific works or topics. Among the works examined are *I m Not Stiller* *A Wilderness of Mirrors* *Wilhelm Tell* and the recent *Man in the Holocene*. Among the topics are Frisch's use of language and images his treatment of women and the element of parody. Concluding the volume is the most complete bibliography on Frisch to appear in English to date.

Homo Faber Max Frisch, 1985 Walter Faber is an emotionally detached engineer forced by a string of coincidences to embark on a journey through his past. The basis for director Volker Schlöndorff's movie *Voyager*. Translated by Michael Bullock. A Helen and Kurt Wolff Book **Homo Faber** Paolo Benanti, 2018-12-07T10:18:00+01:00 In *Homo Faber* Paolo Benanti seeks to provide a philosophical and theological understanding of the technological phenomenon by casting light contemporaneously on the ethical dimensions connected to it. In constructing a holistic vision of technique technology he asks himself how to look at the technological artifacts how it was possible that the West has undergone an incomparable technological development in respect to any other human culture and what this reveals and means for technology and what is the context in which technology is implemented and understood today. As a result of his journey Benanti shows how Technology is not a simple human activity but human nature is a techno-human condition. **The Public Realm and the Public Self** Shiraz Dossa, 1989-02-21 On pp 28-36 The Holocaust and pp 125-141 Eichmann discusses a reinterpretation of the controversy over Arendt's views on the origins of totalitarianism the guilt of the Jews and the evilness of Eichmann. Suggests that one has to interpret Eichmann's behavior as that of a private man entering the public realm aiming to achieve private self-interests. Contends that use of this terminology and way of thinking can explain Arendt's apparent inconsistencies.
