Innovations Hugh Dellar, Darryl Hocking, 2000 Innovations is a major new course from LTP with a strong emphasis on natural spoken English. It is aimed at students who are serious about improving their language level. It has a strongly lexical syllabus presenting and practising hundreds of natural expressions which students will find immediately useful. It also has a comprehensive grammatical syllabus covering all basic grammar points while introducing many other grammatical patterns common in spoken English. Innovations is for all upper intermediate students who have not developed their spoken English to the level they need.

Outcomes Upper Intermediate Class Audio CDs Hugh Dellar, Andrew Walkley, 2010 Outcomes is a completely new general English course in which natural real world grammar and vocabulary help students to succeed in social, professional and academic settings. The authors are both national and international and their works tackle aspects such as motivation, new methodologies, new testing procedures and so forth.

Innovations Hugh Dellar, Andrew Walkley, 2005-05 Teacher's Book includes step by step teaching notes as well as explanations of cultural and linguistic items presented in the coursebook.

Your Top 50 English Questions Answered Hugh Dellar, Andrew Walkley, 2015-03-15 Every learner of English as a foreign language has questions about how English works and about the examples of English in use that they encounter in real life. Whether you are a student of English or a teacher of English, finding clear, sensible answers to these questions can be a challenge. Drawing on decades of language teaching experience and studying examples of everyday language the way it is actually used, Hugh Dellar and Andrew Walkley have selected the 50 most frequently asked questions about English from their popular interactive Facebook group English Questions Answered. If you've ever asked questions like these: What's the difference between I like to dance and I like dancing? Should it be I study at school or I study in school? What's the difference between large and big? Is it true that we can't use the present perfect continuous in the negative? Then this book is for you. You'll find more than answers to the questions you'll get a discussion of why the issue matters, if it does, and how to apply your new understanding of the structures in question to similar topics. Each lesson concludes with a summary called What I'd Tell My Students which offers a succinct answer to the question if it comes up in class exactly the way Hugh and Andrew would.
