Shalin,2024-04-01 In the dynamic realm of generative artificial Intelligence AI the fusion of human creativity and machine  
intelligence has created a vibrant ecosystem of collaborative artmaking However this transformative process brings forth a  
myriad of concerns ranging from ethical considerations and the need for originality to navigating the legal complexities  
surrounding intellectual property As more and more online communities appear around the use of AI to aid in the creation of  
images there arises a pressing need for a comprehensive guide that not only dissects the intricacies of artmaking with  
generative AI tools but also offers practical solutions to the evolving dilemmas faced by artists researchers and technologists  
Making Art With Generative AI Tools emerges as an exploration of the challenges posed by this intersection of human  
expression and artificial intelligence Artists engaging with generative AI find themselves grappling with issues of authenticity  
social toxicity and the commercial viability of their creations From avoiding stereotypical visuals to ensuring proper crediting  
the realm of generative AI is rife with these complexities Furthermore the blurred lines between human and machine  
authorship necessitate a deeper exploration of how these innovative tools impact creativity representation and the very fabric  
of the art world **Creative Convergence** James Hutson,Jason Lively,Bryan Robertson,Peter Cotroneo,Martin
