TikTok's appeal is the short video format which is quite popular particularly among younger people. This format has gained a lot of traction in recent years. Because TikTok today has more than 1.2 billion active users, it is highly likely that you will be able to locate your target demographic on the network. You are able to locate TikTok influencers that are already well known on the network and collaborate with them to target certain geographic areas. TikTok is a highly creative platform and it definitely rewards those who often create and post. It's ideal two to three times a day if you really want to gain popularity on TikTok; you won't cut it once a week. So in just two months, I've gone from zero to 10K followers. Sharn Rayment, multimedia freelance producer. You definitely have to embrace and commit to using TikTok to the fullest extent possible to create a content backlog for the for you page. As for younger and older generations, TikTok has democratized creativity and social media. The app has the highest rate of follower engagement across 100,000 user profiles sampled in an Influencer Marketing Hub online research project. If marketers merely consider it as a dancing device and don't change their approach to include TikTok content, they'll be really bitter in a couple of years. Watching Instagram influencers repurpose Instagram content to TikTok at the start of lockdown shows the polished advertising on this site doesn't wash. We always noticed when Instagram stories came up, there was a trend for shorter, more digestible content. Yet TikTok proves that users can return for more when you get the form of content right. According to official figures from TikTok, its customers remain faithful and are starting to return to the app. In fact, 90% of users use the app several times a day. Overall, TikTok is asking us to reconsider the way our content is strategized. I do hope these tips give you some ideas on how to handle TikTok and the way you prepare and create your content in general. *A Philosophy of Communication of Social Media Influencer Marketing* Kati E. Sudnick, 2023-11-28. Social media influencer

marketing emerged in Web 2.0 as a new form of celebrity endorsement in which the Internet famous create word of mouth marketing for brands and organizations on their personal social media pages blurring the line between organic and sponsored content for their followers. This book explores social media influencer marketing through the lens of philosophy of communication with a praxis centered approach. Kati E. Sudnick utilizes a multitude of theoretical touchstones including Christopher Lasch's narcissistic culture, Marshall McLuhan's global village, Daniel Boorstin's human pseudo-event, Jacques Ellul's propaganda and the interplay between charismatic leadership and parasocial relationships in order to consider consequences surrounding Hannah Arendt's social condition which appears in hyper form within social media influencer marketing as a major integrated marketing communication tool. Sudnick applies these concepts to three major case studies surrounding Audible, BetterHelp and Fyre Festival drawing implications and conclusions for this integrated marketing communication tactic in an era entrenched within the banality of the social. Ultimately the author argues for a more aware and conscientious public when it comes to engaging with influencers online. Scholars of communication philosophy and media studies will find this book of particular interest.
