

Feasibility Study

Executive Summary

[Use this section to introduce the project and provide a broad stroke picture of what it intends to do and what it plans to achieve. Include an overview of the sources you used to support your conclusions.]

Description of Product/Service

[Here you'll want to assess the appeal of the product or service being proposed. Analyze its desirability and demand.]

Technical Considerations

[Show how the product or service will be delivered to customers, such as the materials used, labor involved, transportation from where the business is located—all the technology that will bring this project together.]

Product/Service Marketplace

[Research the target market for the product or service, such as its depth and condition and whether there's enough demand for the product or service to make the project viable. Include key competitors.]

Marketing Strategy

[If the marketplace can support the product or service, explain how to reach the target audience and what means will be used, from email to billboards, direct mail to mainstream advertising.]

Organization/Staffing

[Review the current staffing options in the organization and determine if it is sufficient or requires additional hiring to carry out the project. This might involve restructuring.]

Schedule

[Estimate the time necessary to complete the project, including any constraints such as technical, budget, resources, etc.]
