This Handout Packet (questions and problems) checks your understanding and application of the text of physical activity.

INTRODUCTION

Field Hockey is a demanding, vigorous sport that is growing in popularity. It combines individual physical activity and highly coordinated team play, and has the potential for great spectator appeal. It has become increasingly popular in the high school and college level, because of the popular equipment available.

HISTORY OF THE GAME

Hockey is thought to date back as far as ancient Greece. There is some evidence that the Greeks played some version of hockey games. Persians and

Europeans all had their own versions of field games. Some believe that the word "hockey" comes from the French "hoquet," a shepherd's crook. Whatever the origin, the word has been adopted for centuries in fact, it is one of the oldest known sports.

By the late nineteenth century, hockey began to be played in England's schools. In 1886, the Hockey Association of London was founded. Initially, members there held the game to be a school sport. It was not until 1902 that the first international hockey competition was held in London. The first international hockey match was held in 1908, between the United States and the United Kingdom. In 1924, the first international hockey match was held in London.
