[The Trading Playbook](#) Michael Gouvalaris,2015-04-13 Traders have a tendency to over complicate Many search for the latest new indicator that will give them an edge or a new trading strategy to deliver bigger wins The message of The Trading Playbook is to forget all of this and concentrate on three solid foundations to improve your trading performance Simplicity focus on price action alone Probabilities take trades where the odds are in your favour Hard work and screen time put in the effort to build up your trading experience Hard work and screen time is down to you but The Trading Playbook will guide you towards simplifying your trading and thinking in terms of probabilities Michael Gouvalaris describes two straightforward trading plans that eschew complicated indicators and focus on probable outcomes The first of these two plans the day trading playbook is based around ten different daily situations that can occur in the futures market Between these ten daily setups every single scenario is accounted for You are shown how to determine what day type is in progress by studying that day s open and gap and then high probability and low probability price action for each day type are given Alongside the ten day types the simple technical analysis tools of support and resistance and measuring market volatility are employed The second trading plan the swing trading playbook describes effective ways to identify the trend how to find ideal spots to enter trades in the direction of the trend and also how to identify signals that warn of potential trend failure or reversals You will learn simple and highly effective tools for spotting high probability entries and exits for trades Again basic technical analysis tools are employed

including measured moves box theory and A B C waves The key benefits of both playbooks are that they give you a well defined plan to follow This alleviates many of the big mistakes traders make such as over trading and cutting winners too early or sitting in losing trades too long If you are on the lookout for some trading ideas to simplify your analysis and refine your approach The Playbook is for you [Forex Trading Log Book](#) Rogue Plus Publishing,2018-06-18 FOREX TRADING LOG BOOK Are you a trader or an investor What did you do that resulted to a positive output in your proposals and transactions If a captain has a logbook the trader must have his own trading journal if he wants to improve You have lots of thoughts and notes to make up your marketing conditions profit targets stops and more It is time for you to organize your plan and write them all in sturdy and stylish Forex Trading log Book Either for short term or long term trading this logbook is a must have We designed this log book to be RESOURCEFUL This Forex Trading Log Book functions as your partner for you to log your trading activities rules and strategies plans and other important details Writing your plans in a notebook will help you organize it easily It s a way for you to manage your business and it helps you become better by seeing what marks you are hitting and what you are missing It will be a helpful practice to read your trade diary and report to help you later in your decision making as a trader ACCESSIBLE NOTEBOOK Thru this Forex Trading Log Book you can keep records of your trading activities to keep track of your progress No need for password or batteries Refer to it anytime you need to review a proposal and transaction Very functional for every trader s journey ORGANIZED FLEXIBLE INTERIOR The pages are organized and include entries for trading rules monthly goals plans and strategies and other notes We made sure you will write on thick white paper to prevent ink bleed through The marks columns and margins in every page are clearly printed to give you enough space to log details A NOTEBOOK BUILT TO LAST We want your journal to last a long time so you can always look back on your previous entries without the worry that it will fall apart The sturdy cover is made of tough paperback with strong secure professional trade binding so the pages won t fall out after a few months of use PAGE DIMENSIONS With its 21 59 x 27 94 cm 8 5 x 11 dimensions it lays flat durably while writing on it This is also handy so it is easy to carry with you in anywhere you trade A NOTEBOOK BUILT TO LAST We want your journal to last a long time so you can always look back on your previous entries without the worry that it will fall apart The sturdy cover is made of tough paperback with strong secure professional trade binding so the pages won t fall out after a few months of use We stand to present good quality log books to cater you the best writing experience with our collections of notebooks With this Forex Trading Log Book you can now have your partner along your journey to become a more organized professional and effective trader Don t miss this copy get one now [Forex Trading Log Book](#) Rogue Plus Publishing,2018-06-18 FOREX TRADING LOG BOOK Are you a trader or an investor What did you do that resulted to a positive output in your proposals and transactions If a captain has a logbook the trader must have his own trading journal if he wants to improve You have lots of thoughts and notes to make up your marketing conditions profit targets stops and more It is time for you to organize your
