Primary Reading Skills Activities Kit Elizabeth A. McAllister, 1987

Share the Universe Richard Stember, 2024-04-01 As every astronomer knows astronomy is one of the most approachable and inspiring of the natural sciences It appeals to both children and adults while drawing in curious minds with its immense distances and unimaginably powerful natural phenomena In this book you will find out how to be a part of the journey in sharing scientific knowledge and inspiring minds of all ages By using the affordable tools and techniques provided in this book you will learn about how astronomers can easily engage people with views of our solar system s planets moons and even more distant objects like nebulae stellar nurseries and remnants of exploded stars Perhaps most importantly the natural appeal of this science is helpful when explaining to non scientists how science works What is science and scientific methodology How is it used to give mankind knowledge and solutions to problems that we face in many scientific fields including medicine How does it differ from other sources of information This book sprinkled with the author s 24 plus years of personal experience in public outreach offers practical

techniques to engage educate and inspire all who are interested in the field of astronomy Serving Teens and Adults on the Autism Spectrum Carrie Rogers,2020-10-01 Understand the unique needs of teens and adults with autism and how to adapt existing library programs to be more inclusive Autism spectrum disorder is a lifelong condition but programs and services are mostly for children As this population ages and the number of adults receiving autism diagnoses grows are public libraries serving this group Serving Teens and Adults on the Autism Spectrum offers practical strategies for delivering better service to individuals with autism from library programming to technology collections library volunteers and the information desk Relying on feedback and help from the autism community in her area Carrie Rogers Whitehead created programs for children teens and young adults on the autism spectrum In this book she shares advice on developing programs that focus on teamwork transitions and social skills She explains best practices for reference interviews and teaches readers how their libraries can partner with nonprofit and government entities to develop workforce skills and connect adults with autism to jobs Ready made program activities for teens and adults with autism make it easy for libraries to better serve this often misunderstood group Multicultural Art Activities Kit Dwila Bloom,1994 A complete multicultural art activities program to introduce grades 5 12 to the art styles and customs of more than 35 cultures around the world this spiral bound book helps young adults develop respect for all people Nearly 200 drawings photos and color prints are included from Africa the Middle East Asia Europe the United States and Canada and Latin America **Cultivating Connected Learning** Megan E. Barrett,Rebecca J. Ranallo,2018-06-01 If you want to boost your library s relevancy and support youth learning consider incorporating connected learning at your library This book helps you to realize the potential of this exciting and dynamic trend Learning doesn t just happen in the classroom it happens everywhere The connected learning model supports this principle asserting that young people learn best when their experiences are interest driven peer supported and rooted in solid academics Libraries are the perfect environment for this type of learning providing a place where teens can connect with each other and with adult mentors to engage with learning material and thrive This book shows you how to cultivate connected learning in your library You ll discover what the approach involves its benefits and what it can look like in various library settings You ll also learn how to generate support for connecting learning within your library reimagine your spaces and programs to better support connected learning integrate technology into programs and services to make it accessible to youth build partnerships with other libraries as well as other organizations recruit volunteers and raise community awareness to increase involvement Sciencing Sandra E.
