Dr. Dobb's Journal of Software Tools for the Professional Programmer, 1987 **The Wealth Habit** Ken Okoroafor and Mary Okoroafor, 2026-03-19. The Wealth Habit shows how small, well-designed behaviours repeated consistently create extraordinary financial outcomes over time. Steven Bartlett, *The Diary of a CEO*. Wealth doesn't start with money; it starts with a habit. Most people think that wealth is reserved for the lucky few: those born into privilege, gifted with an entrepreneurial streak, or naturally skilled with money. But the truth is, financial success isn't about luck; it's about habits. The Wealth Habit is a groundbreaking, behaviour-driven approach to wealth building that rewires the way you think about money, turning financial success into a series of tiny, effortless, repeatable actions. Instead of overwhelming readers with rigid budgets or complex investment strategies, this book reveals how small, daily financial moves compound into life-changing wealth, no matter where you start. Whether you're struggling with money, looking to break free from the paycheck-to-paycheck cycle, or searching for a stress-free, automated way to build wealth, this book gives you a clear, habit-based roadmap to make financial success inevitable. Start small. Repeat often. Let the habit lead the way.
