International Conference on Education Development and Studies 2025 Alan Garfield, Kelum Gamage, Neil Gordon, 2026-01-01
This book compiles research and insights gleaned from the proceedings of The 6th International Conference on Education Development and Studies 2025 ICEDS 2025. With a specific focus on digital transformation in education, the book covers a broad spectrum of topics ranging from e-learning and virtual innovations to learning and teaching methodologies, assessment in the digital context, technology integration in education, and innovative pedagogies tailored for the digital classroom. It caters not only to educators but also to researchers, policymakers, and other key stakeholders in the education landscape, equipping them with invaluable insights and fresh perspectives on prevalent trends and challenges within the discipline.

Emerging Technologies In Sustainable Innovation, Management and Development R. Udaya Kumar, 2025-10-13
ICETSIMD 2025 was conceived as a vital platform for academicians, researchers, and industry leaders. Its primary purpose was to explore the transformative potential of emerging technologies in driving sustainable development. To ensure the high quality, originality, and relevance of the contributions, all submissions to the ICETSIMD 2025 conference underwent a rigorous double-blind peer review process. We received 300 manuscript submissions, from which 100 were selected for inclusion in the conference proceedings. Each manuscript was evaluated by at least two independent experts based on criteria including scientific rigor, methodological soundness, clarity, and contribution to the conference themes.
