Interview questions and answers on BPC Central Finance and Group reporting **Enterprise Information Systems of the
Future** Geert Poels,2013-01-31 This book constitutes the proceedings of the 6th International IFIP Working Conference on
Research and Practical Issues of Enterprise Information Systems CONFENIS 2012 held in Ghent Belgium during September
19 21 2012 The theme of the conference was enterprise information systems of the future evolving toward more performance
through transparency and agility mirroring the trend toward more open and more flexible systems In all 53 contributions
were submitted and after a rigorous review process 10 full papers and 15 short papers were selected for publication in this
book These 25 papers present a well balanced mix between the traditional social sciences and the novel design science
paradigms in enterprise information systems research and they also include practitioner oriented and practice driven
contributions The topics covered fall into three categories information management in businesses e g enterprise modeling or
business process management information systems from a management perspective e g service innovation business
intelligence or decision support systems and ERP offerings and implementations e g software as a service or ERP case
