KLM Technology Group has developed highly rated engineering documentation that has many hours of engineering development. We have developed over 150+ technical documents.

- 1. Process Engineering Equipment Design Guidelines with examples of sizing.**
- 2. Project Engineering Standards and Specifications.**
- 3. Best Practices**
- 4. Unit Operations Manuals**
- 5. Engineering Practice Magazine**
- 6. Technical Articles**

This design guideline are believed to be as accurate as possible, but are very general not for specific design cases. They were designed for engineers to do preliminary designs and process specification sheets. The final design must always be guaranteed for the service selected by the manufacturing vendor, but these guidelines will greatly reduce the amount of up front engineering hours that are required to develop the final design. The guidelines are a training tool for young engineers or a resource for engineers with experience.
