Communication English Ranjan Barman,2017-02-16 The book is the result of my experiments I have been researching on the theory how to publish a book that will be helpful in any language to anybody Since English is the most popular language and most of the people from developing country are afraid in the language So I have decided to help them The book is an exercise book and it can be solved from any language to learn English This book is on the most basic part of English grammar and communication This is the book that will be helpful for both the students and teachers Students may need a little help of a teacher or parents Teacher will get the book helpful to make a student understand English grammar easily I taught students English grammar five years and discovered some easy rules With the rules I could make understand little to elder students tense completely It was not only the tense besides they were able to translate sentences easily into English from their first language I have experimented those formulas with two other languages and I came to understand that these formulas are workable with very weak students from any language To understand this book you don t have to be good in English You just have to catch the easy logics Remember one thing the full book is an exercise book It will help you

understand how to write and understand sentences correctly with proper use of tense Someone truly said The more you practice the more you learn Breakthrough J. C. Richards, M. N. Long, 1985 **A Communicative Course in English** Sandra Costinett, Donald R. H. Byrd, Sharon Abrams, 1994-01 **English Communication 1 (CD1□□□)** Michael A. Putlack, 2005-11-26 *Greatest Wonders of the World* Vikas Khatri, 2012-04 The earth is indeed an extraordinary planet and not just because of the infinite variety of life that it supports the land itself is fabricated marvelously with wonders that possess inherent capacity to attract and allure people throughout the ages The wonders of the world that are discussed in the book have been the subject of many books over the centuries but our aim is to present something much more enlightening stimulating and engaging than straightforward description
