Political Melodies in the Pews? David L. Moody, 2012-09-27 In this fascinating study of contemporary Christian worshippers David L Moody analyzes Christian rap music against traditional Christian theology For many mixing the sanctified worship of God with music originating from unconsecrated avenues has become difficult to accept From the back alleys and streets of the hood to the club scene of urban America Christian rappers walk to a different beat than the preacher at the pulpit However similar to a street evangelist the Black Christian rapper is about singing praise to God and delivering the gospel message to his lost homies on the streets Moody examines the emergence of hip hop based ministries and their place among youth with the Black community

God'S Church, God'S Money, False Profits M. L. Petty, 2011-09-30 For years I agonized over writing a book to address the many questions concerning Gods church today The following are some of those questions and concerns Are you being deceived from the pulpit Does the church use offerings for Gods purpose What is the pastors salary and compensation Does your Pastor conform to or live like those in the world Are detailed financial statements distributed to each member Should you continue to give money to your church Are you sure that your church is the place for you to worship God After much prayer and study I felt the need to accept the challenge to address these questions in this book entitled Gods Church Gods Money False Profits It is with some trepidation that I approach these issues because for some the revelations may be uncomfortable to acknowledge or accept And for others they will find truth that will set them free John 8 32

Mind Sneezes, Body Catches a Cold Mike T. Lanjo, 2020-06-01 Life throws us many challenges and some give rise to strong emotions Modern neuroscience research shows that many patients who visit primary care doctors are experiencing physical symptoms that have a purely psychological cause The good news is that once we realize that negative habitual thoughts have the power to make us sick we can focus on eliminating physical symptoms simply by transforming our thought processes Mike Tanguun Lanjo a clinician and passionate public servant who frequently provides holistic care for clients shares practical insight that offers a different perspective on how the human mind can cause physical illnesses that present symptoms such as fatigue dizziness back and chest pain digestive issues and rashes and often leave medical professionals frustrated and unable to provide a solid diagnosis Through his guidance Lanjo encourages us to identify and address the root causes of diseases by viewing the body as one integrated system instead of a collection of independent organs We can then shift our attention from the physical

to the psychological realm ultimately allowing for whole body healing not just the suppression of symptoms in most psychosomatic cases *Mind Sneezes Body Catches a Cold* is a holistic guide to achieving optimal health through thought process transformation
