The Caesar of Paris Susan Jaques,2018-12-04 Napoleon is one of history s most fascinating figures But his complex relationship with Rome both with antiquity and his contemporary conflicts with the Pope and Holy See have undergone little examination In *The Caesar of Paris* Susan Jaques reveals how Napoleon s dueling fascination and rivalry informed his effort to turn Paris into the new Rome Europe s cultural capital through architectural and artistic commissions around the city His initiatives and his aggressive pursuit of antiquities and classical treasures from Italy gave Paris much of the classical beauty we know and adore today Napoleon had a tradition of appropriating from past military greats to legitimize his regime Alexander the Great during his invasion of Egypt Charlemagne during his coronation as emperor even Frederick the Great when he occupied Berlin But it was ancient Rome and the Caesars that held the most artistic and political influence and would remain his lodestars Whether it was the Arc de Triomphe the Venus de Medici in the Louvre or the gorgeous works of Antonio Canova Susan Jaques brings Napoleon to life as never before

Beyond Egyptomania Miguel John Versluys,2020-06-08 The material and intellectual presence of Egypt is at the heart of Western culture religion and art from Antiquity to the present This volume aims to provide a long term and interdisciplinary perspective on Egypt and its mnemohistory taking theories on objects and their agency as its main point of departure The central questions the book addresses are why from the first millennium BC onwards things and concepts Egyptian are to be found in such a great variety of places throughout European history and how we can account for their enduring impact over time By taking a radically object oriented perspective on this question this book is also a major contribution to current debates on the agency of artefacts across archaeology anthropology and art history
