Undergraduate study in
**Economics, Management,
Finance and the Social Sciences**

Advanced mathematical analysis is a core module for students studying Economics, Management, Finance and the Social Sciences. It provides a rigorous foundation for the study of these subjects, covering topics such as real and complex analysis, differential equations, and vector calculus. The module is designed to develop students' analytical skills and their ability to apply mathematical techniques to problems in their respective fields. It is a prerequisite for many advanced courses in the programme.
