# Comptia Security+ SY0-501 (FedVTE): Risk Management latest 2023 solution

Security Policy Awareness Purpose - To enhance security by:
- Improving awareness of the need to protect system resources
- Developing skills/knowledge so computer uses can perform their jobs more securely

End User Training - - Purpose, explanation, importance of adhering to security policy/procedures
- Training should be initial, periodic, and ongoing

Role Based Training - Specialized training that is customized to the specific role that an employee holds in the organization.

Key Stakeholder Awareness - Promote security programs to executive leadership
- Presenting all issues in context of business needs/objectives
- Communicating risks, cost/benefit analysis, and residual risk
- Gaining their support

Data Classification - The practice of evaluating the risk level of the organization's information to ensure that the information receives the appropriate level of protection
- Assign sensitivity, criticality, security priorities
- Identify data value

Data Privacy - The relationship between collection and dissemination of data, technology, the public expectation of privacy, and the legal/political issues surrounding them
- Must classify to apply privacy
- PII

HIPAA - Health Insurance Portability and Accountability Act

Classifications vs Clearances - People have clearances, Data has classifications.

Access control is used to enforce which subjects have clearance to which classification of data

Data Handling - Policies/procedures should be developed for handling and disposing of different classifications of data.

Risk Avoidance - avoiding an act that would create a risk

Risk Transference - a process in which the organization transfers the risk by using other means to compensate for a loss, such as by purchasing insurance
