***Work That Body*** Jamie Hakim, 2019-10-16 *Work That Body* Male Bodies in Digital Culture explores the recent rise in different types of men using digital media to sexualise their bodies It argues that the male body has become a key site in contemporary culture where neoliberalism's hegemony has been both secured and contested since 2008 It does this by looking at four different case studies the celebrity male nude leak the rise of young men sharing images of their muscular bodies on social media RuPaul's Drag Race body transformational tutorial and the rise of chemsex It finds that on the one hand digital media has enabled men to transform their bodies into tools of value creation in economic contexts where the historical means they have relied on to create value have diminished On the other it has also allowed them to use their bodies to form intimate collective bonds during a moment when competitive individualism continued to be the privileged mode of being in the world It therefore offers a unique contribution not only to the field of digital cultural studies but also to the growing cultural studies literature attempting to map the historical contradictions of the austerity moment

where heroes are born There are places where brave men and women fight a never ending battle against evil in order to keep our country and all other countries safe There are places where the fate of our planet is being decided even at this very moment the consequences of which will echo through history None of these places is in North Dakota Carson Fender seventh grader and notorious prankster knows this He s lived in North Dakota for his entire life going to the same boring school every day the same boring movie theater every week the same boring state fair every year Nothing ever changes and nothing ever happens That is until today Because today a desperate man hands him a package with a dire set of instructions And that package is going to lead Carson to discover that there s a secret government agency operating in his small quiet North Dakota hometown And that this agency needs his help
