BLACK VISIONS

The Roots of Contemporary
African-American Political Ideologies

Black Visions

RM Cervero

Black Visions:

Black Visions Michael C. Dawson, 2001 This comprehensive analysis of the complex relationship of black political thought identifies which political ideologies are supported by blacks then traces their historical roots and examines their effects on black public opinion

[The Other Black Church](#) Joseph L. Tucker Edmonds, 2020-12-02 *The Other Black Church* Alternative Christian Movements and the Struggle for Black Freedom examines the movements led by Father Divine Charles Mason and Albert Cleage later known as Jaramogi Abebe Agyeman as alternative Christian movements in the middle of the twentieth century that radically re envisioned the limits and possibilities of Black citizenship These movements not only rethink the value and import of Christian texts and reimagined the role of the Black Christian prophetic tradition but they also outlined a new model of protest that challenged the language and logic of Black essentialism economic development and the role of the state By placing these movements in conversation with the long history of Black theology and Black religious studies this book suggests that alternative Christian movements are essential for thinking about African American critiques of and responses to the failures of U S based democracy These prophets of Black theological thought and their attention to the limits of the state and traditional Black religious formations are most fully appreciated when studied in light of their conversations and interactions with other key Black prophetic and theological figures of the mid twentieth century Ultimately *The Other Black Church* will use those conversations and archives from these movements to highlight their protest of the racial state to explore the limits of the Black church and to argue for their continued significance for thinking about the variety and vibrancy of Black protest specifically Black religious protest during the twentieth century

Black Prophetic Patriotism Jonathan Chism, LaMont Johnson, 2025-11-27 This volume critically and constructively examines Jeremiah Wright s life and legacy focusing on his patriotic promotion of inclusion within the church and society This book advances conversation regarding the ongoing necessity of prophetic or social justice preaching and ministry in post civil rights America

Paint the White House Black Michael P. Jeffries, 2013-02-13 Barack Obama s election as the first black president in American history forced a reconsideration of racial reality and possibility It also incited an outpouring of discussion and analysis of Obama s personal and political exploits *Paint the White House Black* fills a significant void in Obama themed debate shifting the emphasis from the details of Obama s political career to an understanding of how race works in America In this groundbreaking book race rather than Obama is the central focus Michael P Jeffries approaches Obama s election and administration as common cultural ground for thinking about race He uncovers contemporary stereotypes and anxieties by examining historically rooted conceptions of race and nationhood discourses of biracialism and Obama s mixed heritage the purported emergence of a post racial society and popular symbols of Michelle Obama as a modern black woman In so doing Jeffries casts new light on how we think about race and enables us to see how race in turn operates within our daily lives Race is a difficult concept to grasp with outbursts and silences that disguise its relationships

with a host of other phenomena Using Barack Obama as its point of departure Paint the White House Black boldly aims to understand race by tracing the web of interactions that bind it to other social and historical forces *American Politics and the African American Quest for Universal Freedom* Robert C. Smith, Sherri L. Wallace, Hanes Walton, Jr., 2025-08-29 American Politics and the African American Quest for Universal Freedom is known for its lucid style student oriented approach and wide ranging perspective Designed to allow flexibility in teaching approaches this tenth edition retains all the features that made previous editions so popular All chapters have been updated with new content and the latest data available including Inclusive and affirming language throughout Enhanced discussion on Elements of Black Culture and the political significance of African American music and the Black Church Black American public opinion and the various strands of African American ideology The CROWN Act the politics of black hair and the African American celebrity impact on politics Political significance of the increasing ethnic diversity of Black communities due to immigration from Africa and the Caribbean and the latest on Black Lives Matter discussion Discussion on the first Black sorority political action committee established in the U S and advocacy organizations serving the Black LGBTQIA community Characteristics of eligible and registered Black voters the coverage of the 2024 presidential and congressional elections and the results of the congressional elections with respect to partisan control of Congress and the size of the Black congressional delegation Demographic characteristics of the members of the 118th Congress now includes sexual orientation and generational data for comparison Race policies of former President Biden reclassifying him as antiracist An alternative method of ranking presidents that brings the views of Black experts to the conversation and includes a discussion of the record number of Black political appointments and policies implemented under Biden Confirmation hearing of the first Black woman Justice Ketanji Brown Jackson appointed to the Supreme Court New material on the Voting Rights Act Affirmative Action and the Pigford cases testing institutional racism Tennessee Three highlighting racism in the rare expulsion of two Black members of the Tennessee House of Representatives and how Republican state controlled legislatures are stunting the quest for universal freedom Revisions using the Urban League s State of Black America Equality Index as a measure of material well being in the African American community to examine historic and systemic patterns in structural inequities as manifested in economics health education social justice and civic engagement Updated Textbook Media Integration Guide featuring lecture power points chapter summaries critical thinking questions the profiles and Faces and Voices and the links to the biographical material and videos American Politics and the African American Quest for Universal Freedom continues to offer a comprehensive rigorous and accessible understanding of how the presence of African Americans in the United States has profoundly influenced and influences American politics It remains essential reading for all students of American Government Black Politics and African American Studies particularly those approaching the study of race and politics for the first time **Black Resistance in the Americas** D.A. Dunkley, Stephanie Shonekan, 2018-11-02 All across the US in the last few years there has been a resurgence

of Black protest against structural racism and other forms of racial injustice Black Resistance in the Americas draws attention to this renewed energy and how this theme of resistance intersects with other communities of Black people around the world This edited collection examines in depth stories of resistance against slavery narratives of resistance in African American Afro Caribbean and Afro Latin American Literature resistance in politics education religion music dance and film exploring a range of new perspectives from established and emerging researchers on Black communities The essays in this pivotal book discuss some of the mechanisms that Black communities have used to resist bondage domination disempowerment inequality and injustices resulting from their encounters with the West from colonization to forced migration
