Thinking German Translation is a comprehensive and revolutionary 20 week course in translation method offering a challenging and entertaining approach to the acquisition of translation skills. It has been fully and successfully piloted at the University of St Andrews. Translation is presented as a problem solving discipline. Discussion examples and a full range of exercise work enable students to acquire the skills necessary for a broad range of translation problems. Examples are drawn from a wide variety of material from technical and commercial texts to poetry and song. Thinking German Translation is essential reading for advanced undergraduates and postgraduate students of German. The book will also appeal to a wide range of languages students and tutors through the general discussion of principles, purposes and practice of translation.

Thinking German Translation Michael Loughridge, Ian Higgins, Sándor Hervey, 2006-04-18. This is a comprehensive practical course in translation for advanced students of German which focuses on improving translation quality whilst clarifying the theoretical issues involved. This second edition brings the course up to date and has been fully reworked to give clearer explanations of key terms and include revised chapters on genre, compensation and revision and editing. Based on detailed analysis of translation problems, Thinking German Translation features new material taken from a wide range of sources including business and politics, press and publicity, engineering, tourism, literary and consumer oriented texts. Addressing a variety of translation issues such as cultural difference, register and dialect, Thinking German Translation is essential reading for all students wishing to perfect their translation skills. It is also an excellent foundation for those considering a career in translation. Further resources including a free teacher's handbook for the course are available on the companion website at <http://cw.routledge.com/textbooks/0415341469/resources/default.asp>

Thinking German Translation

Margaret Rogers, Michael White, Michael Loughridge, Ian Higgins, Sándor Hervey, 2020-04-22 Thinking German Translation is a comprehensive practical course in translation for advanced undergraduate students of German and postgraduate students embarking on Master's translation programmes. Now in its third edition, this course focuses on translation as a decision-making process covering all stages of the translation process from research to the rewriting of the source text in the language of translation to the final revision process. This third edition brings the course up to date, referencing relevant research sources in Translation Studies and technological developments as appropriate and balancing the coverage of subject matter with examples and varied exercises in a wide range of genres from both literary and specialised material. All chapters from the second edition have been extensively revised and in many cases restructured; new chapters have been added, literary translation research and resources as well as suggestions for further reading. Offering around 50 practical exercises, the course features material from a wide range of sources including business, economics and politics, advertising, marketing and consumer texts, tourism, science and engineering, modern literary texts and popular song, the literary canon including poetry. A variety of translation issues are addressed among them: cultural differences, genre conventions, the difficult concept of equivalence as well as some of the key differences between English and German linguistic and textual features. Thinking German Translation is essential reading for all students seriously interested in improving their translation skills. It is also an excellent foundation for those considering a career in translation. A Tutor's Handbook offers comments and notes on the exercises for each chapter, including not only translations but also a range of other tasks as well as some specimen answers. Enjoying the Beat of Term: An Psychological Symphony within **Thinking German Translation**

In a world eaten by displays and the ceaseless chatter of instantaneous communication, the melodic splendor and emotional symphony produced by the prepared word usually diminish into the backdrop, eclipsed by the constant noise and disruptions that permeate our lives. But, situated within the pages of **Thinking German Translation** an enchanting literary treasure full of natural emotions, lies an immersive symphony waiting to be embraced. Crafted by a masterful musician of language, this interesting masterpiece conducts visitors on an emotional trip, skillfully unraveling the concealed melodies and profound affect resonating within each cautiously constructed phrase. Within the depths of this emotional review, we can discover the book is main harmonies, analyze their enthralling publishing fashion, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
