Under an Ionized Sky Elana Freeland,2018-02-13 It is difficult to believe that our planet has been weaponized before our very eyes but that is exactly what has happened First we were seduced by the convenience of a wireless world then atmospheric weather experimentation in the guise of carbons climate change converted the air we breathe into an antenna Now the geo engineering we ve been subjected to for two decades is being normalized as the Star Wars Space Fence rises around and within us Is this the Space Age we were promised

My Journey of Completion Body, Heart & Soul Sheryl Malin,2014-09-10 Everyone lives in fear of a cancer diagnosis Aside from the pain and stress of the disease itself the diagnosis brings with it the horror of being subjected to terrifying surgeries radiation and chemotherapy all of which can have side effects as bad as or worse than the disease When Sheryl Malin was diagnosed with breast cancer she wasn t willing to have her health ruined by US standard cancer treatments Instead she and her husband went to the internet and armed with their belief that the usual prescribed course of action wasn t right for Sheryl they discovered highly effective alternative treatments being used in Europe and in Mexico This is the story of how Sheryl beat cancer without surgery chemo or radiation Through her daily journal which she also shared online as a blog with readers who followed her journey of hope Sheryl charts her progress With information ranging from the types of alternative treatments available to the necessity of lifestyle changes to stay healthy Sheryl s amazing memoir is a radiant beacon of possibility for anyone who has been diagnosed with cancer Her message always remains that how you treat your illness should be your choice Everyone is unique and it s your right to trust the wisdom of your body and mind to choose the path that is best for you Follow Sheryl on the road to recovery and learn about the innovative options available when you start thinking outside the box

She Who Spins the Coils of Creation Leslene della-Madre,2023-06-28 Leslene della Madre s book *She Who Spins Creation Sacred Female Cosmology in the Electric PlasMA Universe* is essential medicine and a much needed balm for the spirit in these perilous times of toxic masculinity toxic capitalism toxic patriarchy and the perpetuation of the annihilation of women s wisdom and power also known as the Inquisition in which female embodied existence and wisdom continue to be silenced and every attempt to eradicate us deny our culture belittle and erase our knowledge continues to unfold It is also a master class in how to excavate and reclaim female embodied experience wisdom empowerment and sovereignty Della Madre exposes the misogyny inherent in patriarchal myth and science from physics to molecular biology delving into the mysteries of matter the mammalian egg mythologies of female origins the Electric Universe plasMA cosmology and much much more She invites us to awaken to the reality of a truly female cosmology that has always reflected as above so below and always will but that has been denied and subjected to nearly complete erasure in numerous ways by male dominated realities In doing so she invokes us to challenge the amnesia of the ages question all we have been told about who we are where we come from and who we can become She implores us to feel our horns and wings again and reclaim a world in which we understand that we are all

electric plasMA beings intertwined and interconnected in tune with the cosmos the greater organism This is the way to heal the violence that has been done to the Earth Nature and women by thousands of years of patriarchal colonization This book is also a clarion call for action for women to remember our magic and to seek guidance from the ancestral realms to help restore us to whole holiness This profound book should be made into a documentary series Mary Saracino author LAMBDA award finalist **Sacrificing America's Women** Phillip Bretz,2022-06-28 The author asks if you know anyone or yourself who was diagnosed with breast cancer If so even if they made it the journey probably wasn't one they or you would want to repeat What if it were possible to diagnose breast cancer at an ultra small stage before it had a chance to spread The lavender Way What if you could treat breast cancer successfully in an office setting Lavender Procedure in twenty minutes without a single stitch and resume normal activity immediately What if that doctor had cancer free survivors going on seven years out is that a story you want to know about This book was written by a dedicated and pioneering breast cancer surgeon researcher His mantra is to preserve the mind body and spirit of the women who have come to him from all over the world He is the author of America's first large scale breast cancer prevention clinical trial using the drug Tamoxifen It chronicles his life's story from his earliest memories of growing up in the 1950s in Chicago to his modeling career to wrestling a bear a county fair to his high school and college stories then on to medical school and surgical residency and finally his years at Eisenhower Memorial Hospital including operating on First Lady Betty Ford and opening up the first comprehensive breast in the Coachella Valley His research efforts have taken him to the erstwhile Soviet Union Cherbonyl Beijing and a host of other countries where he has been asked to speak This book is entitled Sacrificing America's Women Part 1 because there is an answer to breast cancer that is being summarily dismissed by an establishment that refuses change and wants to perpetuate the slash poison burn approach as some people say He served as a principal speaker on President Bush's Breast Cancer Panel and served three years as a civilian aboard the Marine Air Ground Combat Center at 29 Palms CA was awarded the Carnegie Medal for an outstanding act of heroism and ran for Congress against Sony Bono He has been recognized for excellence by people at FLIR and awarded two medals of excellence by the then commanding general of the 335th Medical Brigade of the Army He was interviewed by CNN for his groundbreaking efforts at breast cancer prevention holds a Principal Investigator number with the NCI he testified for the State of California in the proceedings about Tamoxifen and has given a TED TALK Yet through all this effort to help the world's women he was placed on probation by the Medical Board for finding him negligent It was is disappointingly enigmatic where he is prohibited from carrying out the procedure he helped pioneer and that thus far has saved bodies and lives He wants to present his case in the court of public opinion to see if the women of this land after reading about his quest believe justice was carried out or not Did anyone ever ask how the patients were doing treated the Lavender Way Procedure using all FDA approved modalities Sacrificing America's Women Part 2 is the story of how he came up with the idea of using Tamoxifen in a large scale clinical trial and his visits to the erstwhile USSR and

Chernobyl the White House and Congressional hearings it s a story that made him feel like James Bond and Huck Finn Oh by the way his idea of using Tamoxifen for prevention was summarily dismissed by many noted researchers The Government spent 68 million based on his idea and Tamoxifen became the first drug to be FDA approved for breast cancer prevention It lowers the risk by 50% At least he got something right to help untold thousands of women around the world to prevent breast cancer It s a story of how your tax dollars are really spent and how disruptive ideas people are dealt with You Can Say No to Chemo Laura Bond,2015-01-01 Remember It s Your Body and You Do Have Choices Beginning in 2011 journalist and health coach Laura Bond and her mother Gemma visited 60 of the world s foremost cancer specialists and healers who are getting remarkable results in treating cancer without radiation or chemotherapy This book shares the most exciting discoveries they made in their travels You ll read about everything from hydrogen peroxide therapies and juiced cannabis to high dose vitamin C coffee enemas The Gerson Method eliminating sugar from the diet drinking green vegetable juices and infrared saunas Quick to point out that every cancer and every body is different Bond does not offer a one size fits all approach but throw the doors open wide to thinking about your treatment options and even about cancer itself in a whole new light This book points the way toward making informed choices based on information not fear Whether you are exploring treatment options looking to build your body s own resources to heal and restore itself hoping to find ways to supplement conventional care or all of the above look no further This is the book you need **THE GREATEST LIES EVER SOLD** ELIAS DEMETRIOU,2023-04-28 This book is the story of the Global Elites and their Great Reset It focuses mainly on Covid 19 but also touches on other aspects of the agenda including the Russia Ukraine conflict the economic crisis climate change and Artificial Intelligence The author has provided much information through painstaking research and has re written over 100 famous songs accordingly Also included are dozens upon dozens of fascinating images relating to it all including self made memes All of which are clever funny and relevant to the cause The intention is to wake up the masses to the great deception of the greatest lies ever sold **Engineering Healing of Heartburn** Judy Gao,2016-07-18 All the symptoms cannot be explained by a disease nor can all the diseases be explained by all the symptoms Theoretic treatment does not mean the best treatment all natural medicines may not be magic or have no side effects As both a doctor and a patient Dr Gao has gone through the long way to find out the successful treatment and solutions to her symptomsnot by conventional drugs but by a supersized alternative treatment
