level reading plays from a costume designer's perspective. She then follows through with the practical considerations that must be considered at every stage of the costuming process: research, development, sketching, and costume construction. Cunningham has built on the long-standing success of the outstanding first edition with new figures and updates throughout the text, including 24 pages in full color. Examples have been selected from a wide range of stage productions representing a variety of designers' styles and approaches. Interviews with award-winning designers from stage, film, and other media show the practical importance of the book's concepts. Every chapter incorporates material reflecting the ever-increasing impact of technology, especially computers, on costuming. New to this edition is an ancillary download package available here, giving students a selection of basic figure drawings to serve as the base layer for digital renderings, ready-made forms and checklists for assembling and organizing costumes for shows, and a list of research and reference websites with easily clickable links.

Draping for Apparel Design 2nd Edition Helen Joseph-Armstrong, 2007-09-07. This text combines step-by-step instructions, illustrated to present the principles and methods of draping. Author Helen Joseph Armstrong incorporates three draping techniques: manipulating dart excess, adding fullness, and contour draping in design projects featured throughout the text. Projects begin with a draping plan and fashion drawing to identify its creative elements and determine the draping technique required. The author describes the drape of the basic dress and its relationship to every garment in a clothing collection, emphasizing the drape of foundation garments as a base to building more complex design.

Design Without Limits Renée Weiss Chase, M. Dolores Quinn, 2002-11-07. Design Without Limits addresses the design and production of fashionable and functional clothing for physically disabled men and women. It focuses on persons using wheelchairs, crutches, and prostheses, and on persons with limited mobility. Chase and Quinn attempt to educate the general public about individuals whose fashion needs have long been overlooked by the design community and even by the individuals themselves. They help the reader understand that people with disabilities can look and feel great and that style is available to everyone.

Industry 4.0 - Shaping The Future of The Digital World Paulo Jorge da Silva Bartolo, Fernando Moreira da Silva, Shaden Jaradat, Helena Bartolo, 2020-10-28. The City of Manchester, once the birthplace of the 1st Industrial Revolution, is today a pioneering hub of the 4th Industrial Revolution. Industry 4.0, offering Industry 4.0 solutions in advanced materials, engineering, healthcare, and social sciences. Indeed, the creation of some of the city's greatest academic institutions was a direct outcome of the industrial revolution, so it was something of a homecoming that the Sustainable Smart Manufacturing S2M Conference was hosted by The University of Manchester in 2019. The conference was jointly organized by The University of Manchester, The University of Lisbon, and The Polytechnic of Leiria, the latter two bringing in a wealth of expertise in how Industry 4.0 manifests itself in the context of sustainably evolving, deeply rooted cities. S2M 2019 instigated the development of 61 papers selected for publication in this book on areas of Smart Manufacturing, Additive Manufacturing, and Virtual Prototyping, Materials for Healthcare Applications, and Circular Economy, Design, Education, and Urban Spaces.
