**An Arts Therapeutic Approach to Maternal Holding** Ariel Moy,2021-08-08 Little research has explored the everyday simple and long term experience of maternal holding particularly after the first year of a child's life The research that has been undertaken commonly examines holding through the lens of attachment with a focus on the impact of holding upon the child Employing an arts based collaborative inquiry approach participants stories of holding as well as the author's own convey the significant maternal experiences of holding their children over individual arts therapeutic sessions Optimal moments of holding included strange powerful and meaningful experiences of expansion into self in relationship Attention is drawn to the ways in which holding can alert us to the current state of mother child relationships how we understand story and structure those relationships and the ways in which we can attend to holding in order to develop deeply satisfying experiences of a mother child us An Arts Therapeutic Approach to Maternal Holding aims to draw attention to the intersubjective qualities of the mother child relationship explore why holding matters and offer suggestions for therapeutic practice This book is essential reading for therapeutic practitioners and those in allied health fields who work with mothers and children

**Between desirability and reality** Hiemer, Julia,2022-08-09 Overemployment i.e the preference for fewer work hours is a widespread phenomenon in western societies which may have negative consequences for individual well being and organizational functioning Previously overemployment has been defined from an economic perspective mainly as a time money trade off problem This work is the first to adopt a psychological and subjectivist view on overemployment Over three research projects a theory of overemployment its causes and consequences is constructed and tested In addition a multidimensional overemployment scale is developed and initially validated The three research projects include first a review on overemployment conceptualizations and measurements second a Grounded Theory interview study with the aim to develop a theory on overemployment its causes and consequences and third a scale development study comprising over 1 400 participants over 4 studies The importance of overemployment for individual well being e.g burnout job satisfaction as well as for organizational variables e.g commitment turnover intention is shown Overemployment is found to be a multidimensional construct consisting of three dimensions length density and distribution of work time The developed theory and scale will allow future researchers to analyze overemployment in more detail The work offers interesting insights for HR and management practitioners when it comes to creating attractive working conditions

**Hype** Jon Helgason,Sara Kärrholm,Ann Steiner,2015-01-01 In the world of books and literature hype is associated with bestsellerism the books that sell the most are read by vast numbers and constantly talked about in media and staff rooms Often it is the success in itself that generates an interest because popularity begets popularity Quite often though

a hyped bestseller is met with a skeptic criticism of poor language a badly constructed plot a predictable story line or all three The bestseller phenomenon is sometimes conceived as a threat against real literature Research into the creation reception and meaning of bestsellers is utterly scarce and Hype Bestsellers and Literary Culture is an important contribution to the understanding of the literature read by the masses Popular literature plays an important role in the lives of millions of readers offering entertainment social commentary and alternate perspectives on everyday life This volume brings together such diverse issues as the creation of hype the role and the meaning of the author in the present day media landscape changes in the book trade and the relationship between bestsellers and research into them Further articles give an historical overview on postapocalyptic stories desert romances and the role of the authors This book offers new knowledge on a subject that is increasingly popular within university curricula Although the anthology is a work of academic research the texts are of equal interest to general readers

*Art and Enchantment* Patrick Curry,2023-03-17 This book concerns the experience of enchantment in art Considering the essential characteristics dynamics and conditions of the experience of enchantment in relation to art including liminality it offers studies of different kinds of artistic experience and activity including painting music fiction and poetry before exploring the possibility of a life oriented to enchantment as the activity of art itself With attention to the complex relationship between wonder in art and the programmatic disenchantment to which it is often subject the author draws on the thought of a diverse range of philosophers sociological theorists and artists to offer an understanding of art through the idea of enchantment and enchantment through art An accessible study richly illustrated with experience both that of the author and others *Art and Enchantment* will appeal to scholars and students of sociology anthropology philosophy and anyone with interests in the nature of aesthetic experience

**Indian Classical Literature** Tanmoy Kundu,Ujjwal Kr. Panda,2024-06-06 This book critically analyses classical Indian literature and explores the philosophical literary and cultural landscapes which have emerged in response to ancient Indian texts It highlights the relevance of these texts and studies and how they have come to influence modern Indian literature in various ways The authors look at classical literature both as a theoretical premise that primarily seeks to develop new knowledge and as a sphere of serious modern postmodern critical attention The volume features essays on key texts including

Abhijnanasakuntalam The Cilappatikaram A Tale of An Anklet Mrichchakatika Panchatantra and Mahabharata A useful guide to ancient Indian texts the book will be indispensable for students and researchers of mythology and classical literature literary and critical theory Indian literature Sanskrit studies and South Asian studies

**The Secret in Medieval Literature** Albrecht Classen,2022-10-17 *The Secret in Medieval Literature Alternative Worlds in the Middle Ages* explores the many strange phenomena both in the Middle Ages and today that do not find any good rational explanations Those do not pertain to magic or to religion in the traditional sense of the word they are secrets of an epistemological kind and tend to defy human rationality without being marginal or irrelevant At first sight we might believe that we face elements from fairy

tales but the medieval cases discussed here go far beyond such a simplistic approach to the mysterious dimension of secrets. In fact, as this book argues, medieval poets commonly engaged with alternative forces and described their workings within the human context both in the Latin West and in the East without being able to come to terms with them critically. Those mysteries appear both in heroic epics and courtly romances among other genres and they figure more frequently than we might have assumed. On the one hand, we could conceive of those secrets as the product of literary liberties and imagination; on the other, those secrets prove to be rather serious agents intervening in the lives of the fictional protagonists. By the same token, our modern world is not all rationality and material conditions either. The study of secrets in the Middle Ages thus opens the pathway toward a new epistemology both for the people in the pre-modern age and us today. Marxistische Blätter, 2006. Momo Michael Ende, 1985. Weaves a magical tale about an orphan girl named Momo whose unstinting goodness nurtures wisdom and happiness in the people around her and who becomes the prey of sinister figures.
