
Why Did Japan Attack Pearl Harbor?

Overview: On December 7, 1941, Japanese planes and submarines made a surprise attack on the United States at Pearl Harbor, Hawaii. The following day, after President Roosevelt's impassioned speech, Congress declared war on Japan. It marked the beginning of America's direct involvement in World War II. Why did this island nation with a land area smaller than California, attack the United States at Pearl Harbor?

Robert J. Hanyok, David P. Mowry, 2011-01-01 Did the American Government and President Franklin Delano Roosevelt have advance information about Japan's attack on Pearl Harbor and was this fact later suppressed either to conceal incompetence or because the President wanted an act of aggression to force America into war with the Axis Powers For decades professional and amateur historians alike have scrutinized the voluminous and sometimes contradictory trail of evidence surrounding this historic and tragic event to find an answer One of the most written about pieces of this historical puzzle is the so called West Wind Execute message Japan's code phrase to advise its diplomats abroad that an attack on America was imminent In [West Wind Clear Cryptology and the Winds Message Controversy](#) a Documentary History the U.S. National Security Agency's Center for Cryptologic History has tackled the complex history of this message when it was sent and why its existence or non existence has exercised the imaginations of academics amateur historians and conspiracy buffs since the 1940s Crucially this book includes many key documents some never before published dealing with the voluminous Japanese signals traffic leading up to the Pearl Harbor attack and the timing of signals interception and decoding The authors state that the main source of continuing debate over the who knew and when question resulted from a number of contradictory statements by a well respected American cryptographer Captain Laurence Safford USN whose reliability as a witness was undermined during the hearings of the 1946 Joint Congressional Committee investigation of the Pearl Harbor debacle Despite these findings the West Wind controversy has persisted in popular accounts that lent credibility to the stories of Safford and Ralph Briggs a radio operator who many years after the fact claimed to recollect a West Wind Execute message before the attack West Wind Clear makes a strong and well documented case against a suppressed warning of war although perhaps no account of the run up to the Pearl Harbor debacle may ever lay to rest the many conspiracy theories bruited

Congress. Senate. Joint Committee on the Investigation of the Pearl Harbor Attack,1946 An Operational Analysis of the Pearl Harbor Attack
James E. Hazuka,NAVAL WAR COLL NEWPORT RI.,Naval War College,1993 This paper is an analysis of the Pearl Harbor attack from a operational level of war perspective Its purpose is to provide the reader with a Japanese viewpoint of the Pearl Harbor operation and to determine if there were weaknesses with the plan and its execution The study is limited in scope in that it will focus primarily on a single operation of the Pacific campaign initiated by the Japanese Much has been written about the devastation inflicted upon U S forces by Japan on 7 December 1941 Research initiated for this paper concludes that although the execution of the Pearl Harbor operation was successful the operation did not achieve its strategic aim A mismatch existed between operational and strategic objectives which was partially attributed to flaws in target selection priority and tactical level decision making during execution Japan s narrow objective of destroying primarily capital ships spared important logistical facilities from destruction These support facilities proved to be the key to a quick restoration of U S naval presence in the region Likewise Japan s emphasis on placing a higher target priority for battleships versus carriers allowed a more potent weapon system to essentially escape unscathed This mistake had strategic implications in that aircraft carriers were the key weapon s platform used to destroy the Japanese Navy in later battles in the Pacific Finally the tactical commander s failure to exploit America s military forces at its most vulnerable point minimized further damage which could have been inflicted upon the U S Pacific Fleet anchored at Pearl Harbor
