thoroughly revised and features new sections on nanotechnology as well as green engineering The information age has greatly impacted the way engineers find information Engineers have an effect directly and indirectly on almost all aspects of our lives and it is vital that they find the right information at the right time to create better products and processes Comprehensive and up to date with expert chapter authors this book fills a gap in the literature providing critical information in a user friendly format *Scientific and Technical Books and Serials in Print* ,1984 Subject Guide to Books in Print ,1993 **Canadian Books in Print** ,1982 **Aircraft Performance** Mohammad H.
