Cumulated Index to the Books ,1999 Reforming Memory Robert Vosloo, 2017-10-12 Although we should acknowledge the fragility of memory we should nevertheless affirm the remarkable ability of memory to reform and transform our identity Our memories and ways of remembering are however often marked by trauma and violence Memory therefore not merely reforms it too is in need of reformation redemption and transformation With this emphasis in mind *Reforming Memory* grapples with the question what a responsible engagement with the past entails also for Christians and churches associated with the Reformed tradition The history of Reformed churches in South Africa is one can argue a deeply divided and ambivalent one The same figures are heroes to some and villains to others historic events are deeply ambiguous and conflicting views surround different discourses Yet the histories and perhaps futures of these churches and traditions are inextricably interwoven *Reforming Memory* fundamentally combines an interest in the notion of memory with an interest in South African Reformed theology and history Central is the question how should we remember

and represent the past responsibly The essays collected in this book engage in different ways with this question attending in the process to some episodes in the history of the Dutch Reformed Church some influential Reformed theologians and some important Reformed practices and confessional documents The Cumulative Book Index ,1930 **Contemporary Cultures and Societies of Latin America** Dwight B. Heath,2002 Featuring 47 essays on recent developments in Latin America and in anthropology this anthology discusses the image and reality of the region the basic principles and practices of anthropology traditional and modern cultures identity and ethnicity relations of power and worldviews Selections were chosen in part for their accessibility jargon is kept to a minimum A bibliographic essay is included There is no index Annotation copyrighted by Book News Inc Portland OR **Forthcoming Books** Rose Arny,2002 *Anthropology 07/08* Angeloni Elvio,2006-09 This book contains a variety of articles on contemporary issues in social and cultural anthropology In contrast to the broad range of topics and minimum depth typical of standard textbooks this anthology provides an opportunity to read firsthand accounts by anthropologists of their own research The articles have been chosen for the purpose of supplementing the standard textbook in cultural anthropology that is used in introductory classes Pref *Three Studies in Medieval Religious and Social Thought* Giles Constable,1998-03-28 This volume of three Studies concentrates on the changes in religious thought and institutions in the eleventh and twelfth centuries and includes not only monks and nuns but also less organised types of life such as hermits recluses crusaders and penitents It is complementary to Professor Constable s forthcoming book *The Reformation of the Twelfth Century* but is dissimilar from it in examining three themes over a long period from late antiquity to the seventeenth century in order to show how they changed over time The interpretation of Mary and Martha deals primarily but not exclusively with the balance of action and contemplation in Christian life the ideal of the imitation of Christ studies the growing emphasis on the human Christ especially His body and wounds and the orders of society looks at the conceptual divisions of society and the emergence of the modern idea of a middle class English Mechanic and Mirror of Science and Art ,1907 **The Italian Renaissance Imagery of Inspiration** Maria Ruvoldt,2004-03-29 Publisher Description **The collected works of William Hazlitt, ed. by A.R. Waller and A. Glover. 12 vols [and] Index** William Hazlitt,1903 *Gender in Post-9/11 American Apocalyptic TV* Eve Bennett,2019-01-10 In the years following 9 11 American TV developed a preoccupation with apocalypse Science fiction and fantasy shows ranging from *Firefly* to *Heroes* from the rebooted *Battlestar Galactica* to *Lost* envisaged scenarios in which world changing disasters were either threatened or actually took place During the same period numerous commentators observed that the American media s representation of gender had undergone a marked regression possibly it was suggested as a consequence of the 9 11 attacks and the feelings of weakness and insecurity they engendered in the nation s men Eve Bennett investigates whether the same impulse to return to traditional images of masculinity and femininity can be found in the contemporary cycle of apocalyptic series programmes which like 9 11 itself present plenty of opportunity for narratives of

damsels in distress and heroic male rescuers However as this book shows whether such narratives play out in the expected manner is another matter
