Box Office, 1958 *Focus On: 100 Most Popular American 3D Films* Wikipedia contributors, *Focus On: 100 Most Popular 2010s Comedy-drama Films* Wikipedia contributors, **Focus On: 100 Most Popular 2010s Adventure Films** Wikipedia contributors, *Focus On: 100 Most Popular 2010s Fantasy Films* Wikipedia contributors, *Development of the Global Film Industry* Qiao Li, Yanqiu Guan, Hong Lu, 2020-09-01 The global film industry has witnessed significant transformations in the past few years. Regions outside the USA have begun to prosper while non-traditional production companies such as Netflix have assumed a larger market share and online movies adapted from literature have continued to gain in popularity. How have these trends shaped the global film industry? This book answers this question by analyzing an increasingly globalized business through a global lens. *Development of the Global Film Industry* examines the recent history and current state of the business in all parts of the world. While many existing studies focus on the internal workings of the industry such as production, distribution, and screening, this study takes a big picture view encompassing the transnational integration of the cultural and entertainment industry as a whole and pays more attention to the coordinated development of the film industry in the light of influence from literature, television, animation, games, and other sectors. This volume is a critical reference for students, scholars, and the public to help them understand the major trends facing the global film industry in today's world. **The Global Film Market Transformation in the Post-Pandemic Era** Qiao Li, David Wilson, Yanqiu Guan, 2023-05-04 This book reviews the development and performance of the global film industry during the COVID-19 pandemic and examines new trends in film production, distribution, and consumption through a global lens. The COVID-19 pandemic has had a substantial impact on the global film industry since the beginning of 2020. There has been significant transformation in terms of film production, distribution, and consumption. Hollywood, like many national cinemas across the globe, has suffered the most significant impact at all levels: the interruption of new film productions, shutdowns of movie theatres in many countries, and delays in the release of new films among them. Many movies made for cinemas were forced to move from release in theatres to various streaming platforms, and non-traditional production companies continued to grow their market share. This book places the global film industry in a post-pandemic context. It provides detailed analyses of specific systems of film production, distribution, and consumption in national cinemas as well as in Hollywood, while also engaging with the key theoretical and methodological questions from the film studies literature. This volume is a critical reference for students and scholars of film studies and general readers who are interested in the new trends and transformation of the global film industry in a post-pandemic era.
