Write Your Book with AI Chaz Alexander, 2026-02-21 You've always wanted to write a book but the blank page wins every time. What if you could go from "I have an idea" to published author in months, not years, without years of writing classes, crippling perfectionism, or burning out. In *Write Your Book with AI: The 2025-2026 Practical Guide for Authors*, author and editor Charles Cook shares the exact step-by-step workflow that took him from "I could never do this" to a finished, edited, beautifully packaged book using today's frontier AI tools: Claude, Gemini, Grok, and more. Inside, you'll discover how to brainstorm 50 marketable premises in one afternoon and pick the winner with real data; build a world, characters, and voice bible that keeps every chapter consistent; generate full first draft chapters that actually sound like you wrote them; edit and polish without losing your soul or months of your life; create pro-level covers, blurbs, and metadata even if you've never designed anything. No prior writing experience required. No 5,000 courses. No gatekeepers. Whether you dream of a cozy romance series, a life-changing non-fiction guide, or just finally finishing that story in your drawer, this practical hands-on guide shows you how everyday people are using AI right now to ship real books that readers love. Scroll up and one click to start writing the book you were always meant to write. Perfect for aspiring indie authors, side-hustle writers, and anyone tired of unfinished drafts.

Middlemen Laura B. McGrath, 2026-04-28 A revealing account of how agents have shaped book publishing and the literary canon from the 1950s to today. *Middlemen* rewrites literary history from the perspective of one of its most important but least visible figures: the literary agent. Chronicling the story of agents in the United States from the 1950s to today, Laura McGrath uncovers their critical role in the making of American literature. From the famed three martini lunch to the Frankfurt Book Fair, *Middlemen* takes readers behind the scenes to show how agents influence what we read. Along the way, it explains why many debut novelists never publish another book, why agents champion short story collections even though they sell poorly, how agents advocate for writers of color in a system that values whiteness, and why there are so many New York novels. Weaving together original archival research, data analysis, and interviews with scores of agents and other publishing professionals, *Middlemen* demonstrates that agents, eighty percent of whom are in fact women, are much more than middlemen. As intermediaries between author and publisher, agents act as advocates, matchmakers, negotiators, and tastemakers, and they must balance artistic values with the commercial imperatives of publishing conglomerates. The book describes the decisive role agents have played in celebrated novels from Jack Kerouac's *On the Road* to Colson Whitehead's *The Intuitionist*, but also in the creation of entire literary categories like the debut novel, the story collection, postmodernism, multiethnic fiction, and world literature. Featuring profiles of agents past and present, such as Sterling Lord, Lynn Nesbit, Candida Donadio, Marie Brown, and Andrew Wylie, along with perspectives from agents at all stages of their careers, *Middlemen* is an entertaining and eye-opening account of how literary fiction and the literary canon is made. **New**
