*Proceedings of the XIII International Symposium SymOrg 2012: Innovative Management and Business Performance*, 2012-06-03 *Social - Local - Mobile* Gerrit Heinemann, Christian Gaiser, 2014-11-20 In the future shopping will be greatly influenced by a combination of localization issues mobile internet at the point of sale and use of social networks This book focuses on the SoLoMo synergies that arise from this paradigm shift in future shopping which also promises new and effective marketing options for traditional retailers It also reflects the current status of research and business practice analyzing the basic factors of SoLoMo in detail The importance of Location based Services LBS is elaborated and analyzed in an empirical study using a market based case of kaufDA a leading German online shopping network The evidence shows that customers see LBS as an attractive tool and are prepared to change their buying behavior Though LBS is still in its early stages and its professional longevity remains to be seen it also promises tremendous potential for the future *Intelligent Retail* Gerrit Heinemann, 2022-10-13 This book shows stationary retail a way to reinvent itself after Corona in order to be able to survive against the strong competition of online retail The focus is on the central issues that will shape the retail of the future For example brick and mortar retail in particular must now work with intelligent systems based on data and adopt or even surpass methods that the large online marketplaces have been using successfully for a very long time In this regard artificial intelligence also plays a major role in retail This is not just about automation and robots taking over tasks but also about instruments and machines being able to learn and draw conclusions themselves in all retail functions This is becoming increasingly difficult because our shopping and search behavior is constantly changing Therefore a customer should receive intelligent recommendations in the store which are also based on his already known interests and behavior patterns Gerrit Heinemann shows how intelligent action can save stationary retail in city centres and shopping centres The content From stationary Retail to intelligent Retail Threats to the stationary retail trade Basic requirements and manifestations of intelligent Retail Examples of intelligent retail of the future Risks for intelligent Retail *Smart Grid and Internet of Things* Der-Jiunn Deng, Jyh-Cheng Chen, 2024-03-14 This book constitutes the refereed proceedings of the 7th EAI International Conference on Smart Grid and Internet of Things SGIoT 2023 held in TaiChung Taiwan in November 18 19 2023 The 15 regular papers presented were carefully reviewed and selected from 38 submissions The papers are organized in subject areas as follows IoT communication security data mining and big data WLAN wireless internet and 5G protocol algorithm services and applications **You Have a New Memory** Aiden Arata, 2025-07-22 An open hearted interrogation of our digital selves braiding cultural criticism memoir and narrative musings into an exploration of identity girlhood media tech nature and finding the depth and beauty in the fucked up world we live in from a writer artist and influencer Phoebe Bridgers YOU HAVE A NEW MEMORY is a deeply human inventory of the digital sphere a searing analysis of the present and a prescient assessment of the future In her highly anticipated debut Aiden Arata brings us raw reportage from the liminal space between

online and offline worlds illuminating how we got here and where to go next With high res cosmic vision and razor sharp wit this kaleidoscopic collection of essays artfully explores what it means to exist on the internet Arata exposes influencer grifts from the perspective of a grifter digs into the alluring aesthetic numbness of stay at home girlfriend content creators and interrogates our online fetishization of doom to grapple with the real world apocalypse Arata is the wry unexpected voice we need to navigate existing simultaneously as creators consumers and products in our increasingly braver and newer world

**The Internet as a Technology-Based Ecosystem** Nigel Walton,2017-05-04 This book examines and critiques classical approaches to strategic analysis whilst exploring alternative methods which utilise ecosystem and platform concepts as well as chaos and complexity theories The innovative study provides a critique of the neoclassical Newtonian school of strategy and proves it to be largely inappropriate as a decision making methodology in today s internet based market By developing a new biological hydrothermal vent model in which analogical comparisons are made with the Information Communication Technology ICT sector the chapters challenge existing paradigms of competitive advantage and analyse the extent to which the Internet can be considered to be an ecosystem in its own right The Internet as a Technology Based Eco System offers a range of alternative models and analytical frameworks for the analysis of internet based technology companies in the twenty first century creating a valuable tool for students and academics undertaking research in strategy technology and electronic engineering
