Fintech Business Models Matthias Fischer,2021-02-08 This book on fintechs shows an international comparison on a global level It is the first book where 10 years of financing rounds for fintechs have been analyzed for 10 different fintech segments It is the first book to show the Canvas business model for fintechs Professionals and students get a global understanding of fintechs The case examples in the book cover Europe the U S and China Teaser of the OPEN vhb course Principles of Fintech Business Models <https://www.youtube.com/watch?v=UN38YmzzvXQ> **The Irrational Bundle** Dan Ariely,2013-03-12 A lively tour through the impulses that cause many of us to cheat the book offers especially keen insights into the ways in which we cut corners while still thinking of ourselves as moral people Time Dan Ariely behavioral economist and New York Times bestselling author of Predictably Irrational and The Upside of Irrationality returns with a thought provoking work that challenges our preconceptions about dishonesty and urges us to take an honest look at ourselves Does the chance of getting caught affect how likely we are to cheat How do companies pave the way for dishonesty Does collaboration make us more or less honest Does religion improve our honesty Most of us think of ourselves as honest but in fact we all cheat From Washington to Wall Street the classroom to the workplace unethical behavior is everywhere None of us is immune whether it s a white lie to head off trouble or padding our expense reports In The Honest Truth About Dishonesty award winning author Dan Ariely shows why some things are easier to lie about than others how getting caught matters less than we think in whether we cheat and how business practices pave the way for unethical behavior both intentionally and unintentionally Ariely explores how unethical behavior works in the personal professional and political worlds and how it affects all of us even as we think of ourselves as having high moral standards But all is not lost Ariely also identifies what keeps us honest pointing the way for achieving higher ethics in our everyday lives With compelling personal and academic findings The Honest Truth About Dishonesty will change the way we see ourselves our actions and others

The Rise of the New Network Industries Juan Montero, Matthias Finger, 2021-05-04 Cutting through the confusion around the nature and implications of digitalization this book explores the rise of the new digital networks how they affect traditional infrastructure and how they will eventually need to be regulated The authors examine how digitalization affects infrastructures in telecommunications transport and energy and how digital platforms establish themselves as a new network on top of and in addition to traditional ones Complex concepts are introduced through short and colorful stories about the founders of the most popular platforms Google Facebook Skype Uber etc and how they grew to positions of power drawing parallels with century old traditional network industries monopoly power AT T General Electric etc The authors argue that these digital platforms strongly interfere with traditional infrastructures that are heavily regulated and provide essential services for society meaning that digital platforms should be considered as a new and much more powerful type of infrastructure and will require regulation accordingly A global audience of policy makers public authorities consultants lawyers students and academics as well as anyone with an interest in these digital platforms will find this book enlightening and essential reading

EBay Business Start-up Kit Richard Stim, 2008 Over 725 000 people in the U S rely on eBay for either their primary or secondary source of income It is estimated that 14 percent of eBay sellers have retired from their jobs to work full time on eBay and an additional 12 percent are considering doing so These online auctioneers need a reliable easy to use resource to maximize profits and avoid common pitfalls and problems

PC Magazine ,1986 **Predictably Irrational, Revised and Expanded Edition** Dan Ariely, 2009-06-23 Behavioral economist and New York Times bestselling author Dan Ariely offers the revised and updated Predictably Irrational a much needed take on the irrational decisions that led to our current economic crisis In his uniquely engaging style Dan Ariely again examines our poor decision making processes now on a broader canvas than ever before Some of the questions Ariely explores include Why do we splurge on a lavish meal but cut coupons to save twenty five cents on a can of soup Why do our headaches persist after we take a one cent aspirin but disappear when we take a fifty cent aspirin What caused individuals to take on mortgages that were too large Why didn t we plan better for the possibility of bad times Blending everyday experience with groundbreaking analysis and new research into today s economic climate Ariely explains how expectations emotions social norms and other invisible seemingly illogical forces skew our reasoning abilities
