*Italian Cultural Lineages* Jonathan White,2007-12-15 In *Italian Cultural Lineages* Jonathan White seeks answers to the elusive questions what is Italian culture and what is the Italian identity By tracing Italian life and art through several themes viewing and spectatorship fantasy passion justice reputation and lifestyles White offers new ways of perceiving an ancient cultural tradition in the twenty first century In doing so he challenges readers to discern rich poetic seams that bind together his varied subject matter *Italian Cultural Lineages* is primarily concerned with factors that unify Italians however geographically dispersed they may be Drawing on extensive archival and historical research White shows how oftentimes Italian cultural traditions that appear to be extinct are in fact enduring pushed out of the mainstream or submerged at some given point in history only to re surface and take on new meanings at a later date Other more marginal currents might disrupt and fragment Italian identity politically and socially However White proposes that the challenge to Italy in these new and difficult lessons in tolerance has the potential to produce a much stronger culture primed to welcome the marginal into an expanded spirit of all that counts as Italian Ideally suited to course use and written with great lucidity *Italian Cultural Lineages* will prove fascinating to students academics and general readers alike

**Doubting Women in Early Modern Italy** Marco Faini,2025-10-01 This book explores early modern Italian women as agents of doubt While women were often considered prone to doubt as a result of their natural weakness the essays gathered here reverse this view demonstrating how women were able to embrace doubt as a means to expand their agency Using doubt to contest both official narratives as well as religious and civil practices women were able to carve out a space of their own in contemporary culture and society The volume covers a period from the late fifteenth to the mid seventeenth centuries offering critical insight into early modern doubt and investigating how doubt like other categories of thought could be gendered Contributors address the topics of doubt and the Querelle des Femmes religion writing and social networks The volume offers a multidisciplinary approach to early modern doubt combining gender studies with religious history the history of literature social history and the history of science

UNIFICATO,2015-09-04 Il catalogo SUPER 2016 in pdf completo *A Patron Family Between Renaissance Florence, Rome,*

*and Naples* Vincenzo Sorrentino,2022-04-19 This book tells the story of the Del Riccio family in Florence in the early modern period investigating the cultural mediations fostered by the family between Florence Rome and Naples as well as shedding light on the intellectual and social exchanges between different regions of Italy and on the creation of foreign nations within the main Italian cities These social and cultural dimensions are further explored through the study of the obsessive persistence of the family s relationship with Michelangelo Buonarroti exhibited both publicly in the Florentine and Neapolitan family chapels and privately in their homes The main achievement of this study is to move the focus from the ruling power the Medici family and the immediate members of their court to a Florentine middle class family and its social

mobility this shift from the conventional narrative to a distributed microhistory is fundamental to better assess the use of images and artworks in early modern Florence and abroad The aesthetic and stylistic choices in the use of art and art display made by the Del Riccio reveal a deep awareness of the substantial differences in taste and meaning between different cities of the Italian peninsula The book will be of interest to scholars working in art history visual culture and Renaissance studies

A. Loud, 2021 A pioneering comprehensive investigation into a major Italian monastery The Benedictine abbey of Holy Trinity Cava has had a continuous existence since its foundation almost exactly a thousand years ago From its modest beginnings it developed during the late eleventh and early twelfth centuries into one of the wealthiest and most influential monasteries in southern Italy This path breaking study based on many years research into the largely unpublished charters of Cava begins by examining the growth of the abbey s congregation and property and its struggle subsequently to defend its interests during the troubled thirteenth century But in addition it uses the extensive evidence available to study its benefactors and dependents administration and economy and through this material to analyse the social and economic structures of the principality of Salerno There is also a re evaluation of the problem of forgery practised on a large scale at Cava during the thirteenth century a factor which has complicated and discouraged previous study of this important institution A major advance both in the study of the south Italian Church and of the medieval Mezzogiorno during the central Middle Ages the volume presents a vivid and detailed picture of local society and its workings and of the families and individuals who had dealings with the abbey      **Storia di Napoli**, 1976      **Enciclopedia italiana di scienze, lettere ed arti**, 1949

Tommasi, 2019 Orakel sind in der antiken Religiosität weit verbreitet auch in Kaiserzeit und Spätantike haben sie ihre Faszination nicht verloren Das zeigt sich etwa in Orakelsammlungen wie den Chaldaeischen Orakeln der Orakelphilosophie

des Porphyrios und der Theophrastus Theosophie oder aber in der Diskussion über ihren Inhalt und sogar ihren Gebrauch in rituellem Zusammenhang. Daneben sind Orakel in narrativen Gattungen wie Geschichtsschreibung und Roman präsent auch noch in byzantinischer Zeit. Die Frühe Neuzeit greift vor allem auf theologische Orakel zurück aber auch auf die Gestalt der Sibylle als Verkörperin von Orakeln um die eigenen Vorstellungen an die antike Tradition anzubinden. Diese Form der Rezeption beschränkt sich nicht auf Texte sondern umfasst dazu die bildenden Künste. Der vorliegende Band nimmt ausgewählte Fallbeispiele in den Blick. *Dizionario biografico degli Italiani: Stampa-Tarantelli* Alberto Maria Ghisalberti, 2019.
