

1. Learning the letter sounds

In *Jolly Phonics* the 42 main sounds of English are taught, not just the alphabet. The sounds are in seven groups. Some sounds are written with two letters, such as *ee* and *or*. These are called digraphs. *oo* and *th* can each make two different sounds, as in *book* and *moon*, *that* and *three*. To distinguish between these two sounds, the digraph is represented in two forms. This is shown below.

1. s a t i p n
2. c k e h r m d
3. g o u l f b
4. ai j oa ie ee or
5. z w ng v oo oo
6. y x ch sh th th
7. qu ou oi ue er ar

Each sound has an action which helps children remember the letter(s) that represent it. As a child progresses you can point to the letters and see how quickly they can do the action and say the sound. One letter sound can be taught each day. As a child becomes more confident, the actions are no longer

Children should learn each letter by the sound, not the name. For example, the letter *a* should be written as the sound *ay* not as the name *aytee*. Similarly, the letter *o* should be written as the sound *oh*, not as the name *ohdee*. The names of each letter can follow later.

The letters have not been introduced in alphabetical order. The first group (s, a, t, i, p, n) has been chosen because they make some simple short-letter words like *sat* and *pin*. The letters *h* and *k* are introduced in different groups to avoid confusion.

Remember that some words that are not easy to say are usually taught in one form only. For example, the word *chicken* is usually said, and these alternatives are ignored and not written down later. Examples can be found in the *Jolly Phonics Word Book*.
