**The Media Student's Book** Gill Branston, Roy Stafford, 2010-05-28 The Media Student's Book is a comprehensive introduction for students of media studies. It covers all the key topics and provides a detailed, lively and accessible guide to concepts and debates. Now in its fifth edition, this bestselling textbook has been thoroughly revised, re-ordered and updated with many very recent examples and expanded coverage of the most important issues currently facing media studies. It is structured in three main parts addressing key concepts, debates and research skills, methods and resources. Individual chapters include approaching media texts, narrative genres and other classifications, representations, globalisation, ideologies and discourses, the business of media, new media in a new world, the future of television, regulation, now debating advertising, branding and celebrity news and its futures, documentary and reality, debates from audience to users, research skills and methods. Each chapter includes a range of examples to work with, sometimes as short case studies. They are also supported by separate longer case studies which include *Slumdog Millionaire*, online access for film and music, *CSI* and detective fictions, *Let the Right One In* and *The Orphanage*, PBS, BBC and HBO images of migration, *The Age of Stupid* and climate change politics. The authors are experienced in writing, researching and teaching across different levels of undergraduate study with an awareness of the needs of students. The book is specially designed to be easy and stimulating to use with a Companion Website with popular chapters from previous editions, extra case studies and further resources for teaching and learning at [www.mediastudentsbook.com](http://www.mediastudentsbook.com), margin terms, definitions, photos, references and even jokes, allied to a comprehensive glossary, follow-up activities in Explore boxes, suggestions for further reading and online research, references and examples from a rich range of media and media forms including advertising, cinema, games, the internet, magazines, newspapers, photography, radio and television.

**Media Today** Joseph Turow, 2019-08-28 This seventh edition of Joseph Turow's pathbreaking media textbook uses convergence as a lens that puts students at the center of the profound changes in the 21st century media world. It teaches students to think critically about the role of media and what these changes mean for their lives. The book's media systems approach helps students to look carefully at how media content is created, distributed and exhibited in the new world that the digital revolution has created. The first part examines the media world as a whole, while the second delves deep into key media industries such as the movie, book and video game industries. This new edition includes critical, expanded coverage of social media as well as updated figures, tables and pedagogy including key terms and further activities. *Media Today* is an excellent introduction to the world of media in the digital age. From news media to video games and social networking to mobile platforms, it provides students with the tools they need to understand and critique the media they encounter and consume. Extensive pedagogical materials also make this a highly teachable book, well suited to the classroom. The accompanying website has also been updated with new student and instructor resources including chapter recaps, recommended readings and instructor's manual.

[American Film in the Digital Age](#) Robert C. Sickels, 2010-12-08 This

eclectic yet comprehensive analytical overview of the cataclysmic changes in the American film industry since 1990 shows how they have collectively resulted in a new era The Digital Age The American film industry has entered a new era American Film in the Digital Age traces the industrial changes since 1990 that have brought us to this point namely the rise of media conglomerates the proliferation of pornography through peripheral avenues of mainstream media the role of star actors and directors in distributing and publicizing their own pet projects the development of digital technology and the death of truly independent films Author Robert Sickels draws straight lines from the movies to music DVDs video games fast food digital on demand and more to demonstrate how all forms of media are merging into one He explores the irony that the success of independent films essentially killed independent cinema showing how it has become almost impossible to get a film released without the imprimatur of one of the big six media companies Fox Viacom TimeWarner Disney General Electric or CBS In the end using recent popular films as examples he explains not only how we got where we are but where we re likely headed as well
