Holloway, 2021 When the three of us decided to write a book we were united by one strongly held principle Corporate finance should be developed in terms of a few integrated powerful ideas We believed that the subject was all too often presented as a collection of loosely related topics unified primarily by virtue of being bound together in one book and we thought there must be a better way One thing we knew for certain was that we didn't want to write a me too book So with a lot of help we took a hard look at what was truly important and useful In doing so we were led to eliminate topics of dubious relevance downplay purely theoretical issues and minimize the use of extensive and elaborate calculations to illustrate points that are either intuitively obvious or of limited practical use Extended Abstracts Book: Oral presentations
