Prep Ideas For Beginners and Dummies Barbara Dawson, 2020-08-18 Meal prepping is making a meal or recipe then portioning it out to grab and go meals for later If you've ever had your leftovers from dinner to take with you for lunch then next time you've had mini meal prepped. Generally though meal prepping refers to making 3-7 days worth of food at a time Think of it like making lunches for the week all at once instead of making your lunch throughout the day You can use this same technique for breakfast lunch dinner and snacks Meal prepping prevents food waste and reduces time spent outside your home whether that's planning a diet or a budget When making your meal plan the first question to ask is how long will you be able to eat homemade meals without having to do it every day? Meal prepping is not for everyone It is good for those who value convenience and often more than anything else With meal prepping you generally eat the same thing for a few days in a row so if you don't like leftovers or get bored with food meal prepping isn't for you If having nutritious meals that maximize your time and budget is more valuable to you than doing something different every day meal prepping is a great idea I've generally not seen meal prepping for the individual or maybe one other person do a whole family Meal prepping for a whole family would be quite difficult but if you're a family of four it would be a much more manageable task. A food item is stored in the refrigerator for a long time in a slow cooker In addition to the way food is packed the individual nuances of your refrigerator can impact the quality of your refrigerated meals. Some of the less acceptable things are the texture and flavor of the food. Always begin with the refrigerator guidelines that the FDA and then evaluate them against your own preferences. In general
