Closeness Engineering. Lanfranco Colella, 2026-02-13 We monitor our daily steps analyze our finances with spreadsheets and design quarterly strategies for our professional careers However when it comes to the most critical decision of our existence choosing with whom to share it we leave it to pure chance And why Because love just happens it will appear when you least expect it and applying logic to romance is a calculated act of coldness that kills the magic The central premise of this work is that human relationships are complex systems And like any system they have rules points of failure performance metrics and optimization protocols So if you can manage a project you can manage your love life If you can analyze data you can predict your compatibility If you can build you can love 1 You will learn to conduct an audit of your emotional availability before entering the dating scene 2 You will design an implementation strategy i e a funnel to generate and filter opportunities without wasting time 3 And for the first time you ll learn to measure results with real KPIs that will tell you if you re building something solid or just decorating a structure about to collapse Romance doesn t die when you understand it it becomes sustainable Stop waiting to be chosen Stop waiting to get lucky Welcome to engineering your own happiness
