[Guide to Effective Marketing: Facebook at Your Fingertips](#) Nishant Pal, Shubhangi Maheshwari, 2021-03-19 We probably do not need to tell you that Mastering Facebook marketing is essential for almost any brand that hopes to succeed in 2020. You already know that Facebook has a huge audience. A whopping 2.4 billion people use it each month. But maybe you did not know how frequently people are using Facebook to interact with businesses of all sizes. For example, two-thirds of Facebook users state they visit a local business Facebook Page at least once every week. Prospective customers are already looking for businesses like yours on Facebook. A clear, focused Facebook marketing strategy is the only method to tap into this existing audience. As Facebook sets it, your Business Page is a cornerstone of your online identity. Listed below are our best Facebook marketing hints for the year ahead. Facebook is an incredibly powerful marketing tool. You've no doubt heard this already. It is, after all, the world's largest social network and one which empowers heretofore unheard-of paths of communication. Never before have businesses been able to reach their customer base so easily and on so intimate a level. Of course, that in and of itself means you cannot go in without a clear marketing plan, one which needs to be flexible enough to evolve with your changing business needs. Whether you're new to Facebook for business or want to add something new to your current Facebook marketing plan, you've come to the right place. This guide is intended to assist marketers of all experience levels, from beginner through to advanced. We are going to teach you how to leverage Facebook pages, profiles, classes, ads, live video, analytics, contests, and more, everything your business needs to shine. Generally, the Facebook algorithm will always prioritize posts with a lot of likes, comments, or shares, particularly if this engagement comes in a quick moment. It is going to also prioritize serving content to a user when it has been enjoyed by their own friends, as well as posts types the user interacts with frequently or seems to prefer. This applies to pages as well as posts. But we will discuss that a little later in the piece. What Facebook's algorithm does not enjoy is fairly clear as well: Spam, click-baiting, like-baiting, repetitive posts, text-only upgrades, unusual engagement patterns, and content that is too promotional.
