Ipad Prices:

The Price of Global Health Ed Schoonveld,2020-05-17 The Price of Global Health is a unique book that describes the pharmaceutical pricing process and its business economic and social challenges Global drug pricing is one of the most hotly debated yet least understood aspects of the pharmaceutical industry How should drug prices be set and what does it mean for patients Why do governments increasingly get involved and what is its impact on the global competitive environment How can a life saving industry have a poorer image than gun and tobacco industries whose products are associated with death The pharmaceutical industry is under unprecedented pressure due to a combination of declining R D productivity payer provider demands for better value and public pressures to show pricing restraint Rapidly increasing cost of healthcare shifts from fee for service to value based reimbursement public pressure on drug pricing and an increasingly vocal medical community have empowered public and private payers worldwide to be more demanding on evidence of value for the prescription drugs that are brought to market Pharmaceutical companies have often failed to deliver evidence of patient value as development decision making is overly focused on speed to FDA approval rather than speed to commercial success by effectively addressing the many Access Journey obstacles that typify today s much changed pharmaceutical environment This 3rd edition is significantly expanded with ten new chapters and revised and updated throughout to reflect today s environment The contents are reorganized to directly address critical pricing and patient access issues Ed Schoonveld explains how pharmaceutical prices are determined in a complex global payer environment and what factors influence the process His insights will help a wide range of audiences from healthcare industry professionals to policy makers consumers pharmaceutical company leaders and access and pricing professionals to gain a better understanding of this highly complex and emotionally charged field

The Price of Global Health Mr Ed Schoonveld,2015-01-28 The Price of Global Health is a unique much needed and invaluable resource for anybody interested or involved in or affected by the development funding and use of prescription drugs The second edition includes new chapters on payer value story development oncology orphan drugs and payer negotiations Country chapters have also been updated to reflect changes in healthcare systems including the Affordable Care Act in the US AMNOG in Germany and medico economic requirements in France Almost every chapter has been updated with new examples and illustrations

Unicorns, Hype, and Bubbles Jeffrey Funk,2024-10-22 New technologies are an investment minefield Putting money behind them means taking a risk on unproven ventures often from inexperienced and potentially unscrupulous developers While some will lead the investor to fantastic gains many others turn out to be mere bubbles a flimsy veneer of excitement and hype with little profitable at the core But ignoring these technologies can be even worse as this can mean failing to capitalise on the next great step in innovation From cryptocurrencies blockchain the metaverse Web3 and NFTs to self driving vehicles delivery drones solid state batteries eVTOLs and more technology bubbles have been inflating and popping for many years Each time a bubble pops tens if not

hundreds of billions of investment dollars disappear with them Unicorns Hype and Bubbles arms the reader with the tools required to differentiate between bubbles and genuine sustainable technological revolutionaries Under the expert tutelage of Jeffrey Funk you will learn The economics of modern businesses and how they lead to bubbles forming How to assess new technologies to sift viable investments from hype driven bubbles That you can be a far better judge of new technologies than so called industry experts How to identify exciting new opportunities in a world of money losing startups And much more
