president undoing four hundred years of discriminative laws the phobia of taking down the protections of the rich landowners and the enforcers of that protection led to a section of a congress to proclaim from day 1 of the black president s inauguration if Obama wants it we reject it right off the bat This simply means an opposition to President Obama s policies on all fronts Some were not hiding their enthusiasm for an Obama failure they worked for it They feared an Obama presidency that might implement programs that would invite non whites to participate thus engaging in capitalism Slogans like take our country back were dusted up for re use It was strategic They were all noises meant to drown some of Obama s signature programs like the affordable care act popularly known as Obamacare It has always been by design *Official Report of Debates, House of Commons* Canada.
